

# Jet Noise Reports, January 2015 – March 2017

Data gathered from reports filed on the San Juan County Jet Aircraft Noise Reporting website

<http://sjcgis.org/aircraft-noise-reporting/>

- ⇒ Loudness Reports
- ⇒ Reports of Noise by Hour of the Day
- ⇒ Reports by Month
- ⇒ Comments submitted with each report, revealing human impacts

The San Juan County Jet Aircraft Noise Reporting website was developed and approved by the County Council to enable San Juan County residents to have a reliable source for recording and tracking their comments and complaints about jet noise from Naval Air Station Whidbey Island.

Reporting began on May 15, 2014; data has been analyzed since January 2015. Users of the website enter type of loudness, date, time, comments, aircraft type, etc. Due to the variety of devices used to submit data (e.g. desktop, laptop, I-pad, smartphone), data such as time of day can be recorded differently. Efforts have been made to standardize data. This report is compiled monthly; some monthly data may change in subsequent months due to late reporting which is not captured until the following month. Errors in totals are estimated to be less than half a percent.

**Special Note:** A number of comments reveal multiple incidents of jet noise, but the report is only counted once. Thus, the noise incidents are larger than the number of reports. Furthermore, some residents have instruments that measure the decibels inside their home, as seen in many of the comments. Noise level is measured in decibels. For example, lawn mowers produce around 90 dB. Traffic noise averages around 80 dB. **As seen in the comments over the past years, Growler jets are producing anywhere from 65.9 to 118.4 dBA inside homes.**

**The number of Jet Noise Reports for 2016 were 10.5% higher than 2015.**

# Jet Noise Reports by Loudness January through March, 2017

## Jet Noise Reports by Hour of Day Total of January through March, 2017. N=832

For example, reports submitted from 11:00 am through 11:59am are clustered in the 11 o'clock hour. Some reports do not include a specific time. For those, related data may indicate Day or Evening. In some cases, time of the noise event cannot be discerned from entered data and is recorded as N/A.

# Jet Noise Reports by Month

## Jet Noise Reports Comparison of 2015 with 2016

**The number of Jet Noise Reports for 2016  
is 10.5% higher than 2015.**

## 2016 Growler Noise Reports San Juan County

This chart demonstrates the number of noise reports by day, from January through December, 2016. The Navy data persists in using “noise averaging”, resulting in a low estimation of the sound/impact of the noise. As seen by this chart, there is no average level of noise. There are many days when the noise is so excessive that reports are quite high. This is also seen in the comments, at the end of this document, when people report “blasts”, “roars”, and high decibel counts. See also the data in this report on the type of noise reported, where “extremely loud” exceeds “low rumble”.

## Comments Submitted with March 2017 Reports.

### NOTE:

**Some residents have instruments that measure the decibels inside their home, as seen in many of the comments. Noise level is measured in decibels, with lawn mowers producing around 90 dB. This is louder than traffic noise -- which averages around 80 dB. Growler jets are producing anywhere from 65.9 to 118.4 dBA inside homes.**

Horrible fly over jet screaming over house. Representative Larson you should be ashamed of the stress you cause to Lopez residents - you are the main reason our quiet beautiful landscape is gone from the island. Noise pollution at its worst!

Flyover, 84.6dBA in the house.

Working hard on a research project today and I have experienced disruptions due to excessive jet noise overhead. The jet roar just blasts into this room and startles me, and I lose my train of thought. Jet noise RIGHT NOW.

Very loud jet; disrupted my work (video recording). When is the Navy going to acknowledge these disruptions to work and provide compensation for lost work time?

Flight overhead. Had to stop conversation

Very loud jet roar overhead startles us. Dark, can't see it, but the roar is excessive.

Loud jet overhead. long roar. Roar is continuing. .continuing.. .continuing. Now it is louder again. What is going on? It is circling? Growlers are pests. The Navy is a bad neighbor.

LOUD JET banking over N Lopez Island- sound lasting minutes! 3rd day in a row morning noon and night ...

A few jets this afternoon and now this evening. Very disruptive and loud. So so so so tired of it

Loud jets flying above, almost sounds like they are circling around and around. Very disturbing.

ANOTHER loud jet roaring overhead. Clearly a Growler, or maybe two. It is dark so I cannot see, but the deep and lengthy roar is the signature. There is a WALL of noise in our home right now.

Several times today jet noise disrupted ongoing classes. Even tonight at 8:13 pm more noise entered our home

2 planes flying in formation - really hurt my ears and vibrated my chest

Overflights averaging 77 dBA inside the house

Extremely loud roaring, but even worse is booming effect, creating inner ear disturbance and disequilibrium. Painful. The inner ear effect lasts longer than the booming.

Overflights. Every few minutes. Surely there must be a way to land at NASWI without overflying Lopez Island.

Overflight - SE Lopez - 94.6 inside the house. There is no doubt that this kind of noise causes stress. I wish we could make Murray, Cantwell and Larsen's home sound like this. They would surely take action and not subject their families to this!

Overflights : again and again and again.

This sounds like engine testing at 9:27pm!????????? WHY?

Super loud jet above our home. Lots of clouds so I can't see it. But it has a long and deep roar. Made me think something was wrong with the dishwasher it was so loud.

All morning from 8:55 am, Growlers started our day with disruptive loud blasts from their practice on Ault field. Depression sets in knowing this invasive noise will impact our day, disturbing all concentration and sense of well being.

Just after making one noise report, here I am with another. ANOTHER loud jet roared overhead. Disturbing.

Incredibly loud jet; I'm in class and couldn't hear or talk. Completely disrupted my work.

Loud jet overhead with the extended roaring of the Growler. Unlike commercial jets or small planes, the growler's roar is long, deep, rolling, and penetrating. As if it will never go away.

A really giant jet roar going on right now. Distracted me from what I am trying to write. This roar long and echoing in the sky.

Again?! All day long. I hate the Navy. I hate our military. I wish they'd go away forever

LOUD jet noise filling the sky!

Saw Growler jet below clouds. So loud I had to cover my ears. The noise was painful.

Periodic noise, apparently takeoffs from NAS Whidbey. Walls, windows, and items inside house rattling loudly. Very loud low frequency jet noise.

"obscured, disconcerting and disruptive  
all birds flew away"

Extraordinarily loud jet noise just rammed into my home. Jet above in the clouds. Startled me and distracted me from a report I am writing that requires data analysis. As I write this the roaring is continuing, continuing. Still going. A full minute.

Now flying BELOW the cloud we have TWO growler jets screaming their roar into my home (office) and into my head. I am trying to WORK!!!! The sky above my home seems to be a jet racetrack. Obnoxious.

Jets screaming across the sky!!!

Pretty much all day loud noise and rumble

Husband returning from cancer treatment doe NOT need this disruption of peace and tranquility. You guys are causing cancer and this is NOT protecting us!

Very noisy in the skies. Lots of loud jet roaring from Whidbey. 8:20pm.

Loud rumble and vibrations disrupting peace and train of thought. This happened several times during the day as well.

A very loud jet roaring over us at 8:28pm. The noise competed with the television, that's how loud it is.

Jet noise so loud we had to turn our tv up!

So loud that it felt like a plane was going to hit the house. Totally disrupted all!

Planes flying a lot today at work in Alec Bay and at home next to the school. Very loud.

Out for a walk. Hoping to have a quiet walk. BLASTS AT 8:39am, 9:07am, 9:55am - IS MITIGATION EVEN POSSIBLE?

Low flying Growler aircraft with gear down

When I can hear a jet while in my home, windows and doors shut, and the TV and dishwasher going, I know something is wrong. I can't hear the commercial jets, but I can hear those Navy jets which are just too loud and disruptive. Like right now.

Flyover my house multiple times during the morning

Growler jet flying below clouds. Deafening roar. Seabirds scattering.

Military jet circling above clouds

very loud - i could not have a conversation in my house and had to wait and finish our conversation after the planes flew over. Hurt my ears.

Chadwick Marsh - The Growler BLASTS HAPPEN AND ALL THE BIRDS RISE OUT OF THE MARSH. Thank you Larsen , Murray and Cantwell. Sure, they care about our environment.

Jet roaring this morning (Saturday) and now. Skies are filled with jet roaring.

The jets are roaring in the sky this Saturday afternoon. One would hope to be outside but the noise is too abusive.

very loud - could not talk in the house - the noise was deafening

Saturday, March 4: Walking because Growlers are not scheduled to fly today. Actually registered 86.4 decibels - A scale. Moments later, 10:14am 76.4. You can actually feel the sound pressure coming before it's audible. then the body shakes.

Saturday, March 4, Still roaring - not scheduled to be flying - but they are. Huge Blasts. Good to let tourists hear what we have to live with all week.

MARCH 4, Saturday: Still roaring. recorded 82.6 decibels - A scale - inside the house.

5 March 2017: WAKE UP BLAST at 8:02am on A SUNDAY. 72.3 decibels on the A scale. LOUD!!!!

March 5, Sunday: Yet another GROWLER BLAST, reminding us that we are collateral damage for the Growler mission at NASWI. Larsen, Murray, Cantwell support the Growlers. . . not us

As usual, interrupting work. When do we get compensated by the Navy for lost work time?

Did not see aircraft because I was in my house with all the doors and windows closed but the rumble and noise made me stop what I was doing to try to see the aircraft and to report it. Due to low clouds I could not see the jet.

Two fighter jets right over head

It is easier to ask for forgiveness than it is to ask for permission - well, the Navy did NOT ask for nor get my permission to fly over or so close to my property to disrupt peace and activities. And the Navy won't get my forgiveness either.

Monday March 6: Growlers not scheduled for FCLP BUT, they are flying. At 11:08am 2 Growlers flying overhead. Deafening.

At Pt. Colville (National Monument) The noise was obnoxious. 5 tourists arrived and left immediately - They were astounded that the Navy is allowed to do this in this area.

Overflight of 2 Growlers flying SW. . . ripping the sky noise.

Extremely loud jet going over; disrupted work (again!). The sound is so stressful, especially when it interrupts what I'm doing.

Here we go again - another LOUD jet overhead - I can hear these jets for over 3 minutes in their current pattern! RIDICULOUS!

Deafening noise ripped through the house, interrupted my work, at least 2 jets.

Ongoing noise for 4 minutes, drowned out music playing in home

another FLY OVER!

(&\*^(&(%^%\$#\$#@@!

LOUD and long jet noise!

Very loud even from inside the home with all doors and windows shut tight.

Mulitple F-18's on fly overs. Loud and disrupted work activity.

All day loud jets overhead on a flight pattern that makes noise for over 3 minutes!

Saw lights of at least one airplane and heard very loud noise as jet went over my house

A repeated reminder that the skies are NOT peaceful over Lopez Island because of the intermittent fly-overs

Growler circling overhead loud blasts interrupting phone call

working in alec bay park and the jets flew over all day long - very disturbing/could not hear instructions given to me and had to listen to the noise all day - went home with a headache.

The day begins with Growler noise. The house vibrates Walking. Huge Growler Blast!

Tuesday, 7 mar 2017. FCLP's scheduled for this afternoon. Are they starting early? Extremely loud doesn't begin to describe this noise and the intrusion on the top of Chadwick Hill!

Tuesday, March 7, 2017: Overflight of 2 Growlers - truly deafening - right over Agate Beach Park and Iceberg. A family visiting with small children were frightened by the huge noise.

Steady roar of FCLP's in the 65 - 70 dBA range.

Landing after FCLP'S ? I wonder why they can't land quietly when they are done?

Steady noise - Noise canceling head phones are not enough today! Time to leave home and try for quiet.

70dBA in the house.

"7 March 2017, Tuesday:

fclp's roaring for another hour. Approximately 10.5 hours of noise today."

Jet noise for much of the morning. Can't get any work done. When will the Navy compensate us for lost work time?

Loud fly-over disrupted class with small children

Very loud screaming jet(s) just above low cloud cover, flying SE to NW over American Camp

Wed, 8 Mar 17: Growlers scheduled for evening FCLP but here they are - with deep rumbles and over flights at 10 and 10:11am AND 10:12am with decibels around 91dBA.

8 mar 17, Wednesday, Growlers are scheduled to fly FCLP this evening but clearly their comings and goings are just as disruptive 79 - 89 Decibels in the house!

Maybe this is early FCLP? At 2:30 an amazing quiet. Then at 3:30 they are back. Grim

8 mar 17, Wed, Deep rumbles - somehow different than usual then an over flight at 6:25pm

More loud low freq noise

saw it heading WNW, VERY loud indoors - disruptive. Made me upset, angry.

Very low flying Growler below 1000 ft, ears still ringing.

Not the first today. Low rumbles and loud

Loud jet overhead!

Repeated rumble and vibration clear up here! It must be the low cloud ceiling.

Low rumble , heard indoors.

Loud overflight of F-18 disrupted conversation inside of house.

For a full hour from 7:13pm and now continuing Growler flying causing noise pollution over north Lopez. Unsettling.

Super loud/hurt my ears - coming out of the "Got Green"event to booming noise and disturbance.

At regular intervals since noon. Growlers overhead at low altitude. Extremely loud jet noise, especially low frequencies. Walls ate shaking like a minor earthquake.

The noise is always disruptive. It seems Naval personal have become deaf!

Continuous loud blasts erupting from across the water from NAS Whidbey, shattering my ability to concentrate and work on my writing project.

Hard to concentrate with background rumbling.

Jet noise all afternoon. Stressful and interrupts my work frequently.

Low altitude, low airspeed, very high thrust. Aircraft was in clouds, but must have been in a very high drag configuration. Was directly overhead, or nearly so. Noise painful.

House-shaking roar began 11:30 AM, then numerous repeats of this disturbing sound over several hours- still occurring as I write. Working at my computer is not possible while this continues- concentration is interrupted, creative work impossible!

Hideously loud blasts from across the water startling me and upsetting my digestion because of the ongoing noise.

Multiple planes overhead for last 5 minutes. Incredibly loud.

Loud enough that I had to discontinue my phone conversation even from inside the house with all doors and windows closed.

More rattling windows and walls Conversation interrupted  
Intermittent rumble and blasts

Loud rumble heard indoors over TV and heavy rain

Rumbling & Vibration awoke from sleep, shaking house, intermittent throughout day

It's been so nice to have a little peace at times in the last week, but the china-rumbling roar is back. What a bad neighbor the Navy is.

Low flying Growler aircraft, extremely loud over our house

Low flying Growler aircraft 2 of them, likely with gear down

I'm not at all convinced we need jets like this. I hate the noise and hate paying for them. Time to STOP!

Low flying Growler aircraft

Very low cloud cover so unable to see aircraft but definitely Growler - blasted over us.

Re-filing this with correct date - I used 03-11-2017 by mistake. Flying NE saw aircraft - Growler - So loud it was very upsetting - disruptive.

all day long noise on and off - very loud and rumbling - my body was vibrating

A barrage of loud noise intermittently throughout the day and evening

9 Mar 17, Thursday: The worst noise day ever. 7.5 hours with only brief spaces of quiet. I went N. on Lopez to escape the noise. Growlers were over flying N. Lopez - This is insane. 35 noise incidents noted. Insane!

noise all day long. I was working in my office and could hear the noise inside my house - exhausting.

More distant rumble today, but enough to be constantly reminded of war-like activities

10 Mar 17, Friday: FCLP's west wind. the noise is there but actually not too bad. The West wind is our friend.

Why are there SOOO many jets today. Continuous. I am starting physical therapy next week due to tension from the jets noise. STOP IT!!!!

Sometimes extremely loud roaring. Much distant roaring. Sometimes horrible inner ear sensations, rattling my ear drums. Extremely unpleasant, painful.

Another day of constant, endless noise from Whidbey NAS. Will weekends become our only days of brief relief from this debilitating exposure to health-wrecking effects from EXTREMELY LOUD JET NOISE?

very low, loud

Loud jet noise disturbing my time at home

Couldnt hear movie or phone converstions this afternoon and evening

Extremely loud. Had to cover ears on walk out of doors.

Taking a walk on our land with visitors- conversations interrupted continuously.

Interrupted my evening prayer practice. Stressful. Noise pollution extended over 4 min.

Had to TURN UP OUR TV DUE TO VERY VERY LOUD JET FLYING OVER north Lopez lasting for many minutes!!!! This is ridiculous ...

Closest of several loud passes today. Slow, near, and loud.

Loud overflight stopped an outdoor conversation.

All conversation had to come to a stop since none could be heard.

I live in Lopez Village. Last night I thought a Navy Growler was about to land at the Lopez Clinic to med-evac someone.

A few breaks in the day. 10 hours with a few breaks. It's so stressful when the noise day is this long. When the quiet finally comes it's like a huge weight is lifted.

Today after 10 hours of FCLP noise we are awakened by a GIANT Growler BLAST at 11:25PM. WHY? Larsen, Murray Cantwell should awakened like this.

House shaking, massive low-frequency sound penetrating us and our surroundings, from Whidbey NAS. We must continue documenting this abuse of military power that affects our lives and our community.

Spoiled the first sunny walk in days

Flight pattern RIGHT OVER MY HOME - it feels like I'm at the end of an airport runway! Jet after jet!

Strong vibration in house structure, loud low frequency noise. Headache is getting worse.

2 jets SHOCKINGLY LIW just flew over me!

"The jets were so loud today that my ears were hurting. we had to stop a movie we were watching because we could not hear the film.

the noise was exhausting."

with intervals the air fills with noise that destroys peace and quiet.

14 March 2017, Scheduled to fly FCLP evening and night. Instead it seems they shifted to morning and did not alert us. A final blast at 5:12pm. Our homes are not places of peace anymore.

Very painful sensations from roaring. Very painful inner ear effects. Vibrations from roaring affect the whole body. Deeply disturbing. Earmuffs do not lessen the inner ear effects. Noise and vibration are AWFUL.

ongoing, intermittent from 3-13, occasional rumbling, shaking inside structure, extremely loud.

Much long distance rumbling. Very disturbing

Loud sustained blasts at regular intervals throughout the morning into early afternoon. 74 dbC to 92 dbC measured inside our house. Hard to concentrate on normal activities. The debilitating "NEW NORMAL" for residents of Lopez Island?

bothersome to a meeting with potential donors to our organization

Very loud overflight, two F-18's in formation with wheels down flying east to west right this land.

2 jets flying over south Lopez in tandem waiting resources that could be better spent on health care or public schools

Horrible loud noise

Another jet disrupted my work

Invasion of jets!

Awful noise disruption in my house. Deafening - noise goes on for several minutes.

Noise pollution from jet awful stressful.

Terrible noise pollution. Stressful!

Very loud - like standing behind plane taking off at SeaTac runway.

Lots of noise, constant rumbles. Saw one jet clearly today. Saw two yesterday.

Another spoiled walk with growler noise lasting over 1 hr, overcoming all of Spring's natural sounds Spring's natural sounds

It is now become a day after day, ongoing noise ride. Do not know how much longer I can survive it. I am not o.k.

Another NOISY day here in North Lopez! Plane after plane doing circles over us! Very unsettling for humans and animals. The third jet coming over just now. The noise frightens my old dog - she's shaking !!! :-(-

Multiple fly overs that produced extreme noise disruption both inside and outside the home....very loud!

multiple very loud growler flights separated by 5 minutes or so.

saw it heading NE, disruptively loud.

More jets

Numerous low level growler flights. Very loud and disturbing all afternoon.

Low flying Growler aircraft

Sleep disturbed

Loud pass nearby

observed Growler flying south to north over McKaye Harbor and north along west shoreline of Lopez Island

Several times during the day overflying jet noise disrupted classes and other activities at our home.

Extremely loud - vibration and disruption. The jets flew for a long time today - so very disturbing and exhausting.

A number of Growlers flying one after another from south to north over Lopez Island

Awakened husband and myself from sleep! Growler was flying over the neighborhood.

Showing a prospective donor foundation our farm, and had to stop talking due to sound. It happened three times that afternoon, at two different farms mid-island on Lopez. I could clearly see the plane. They were lower than usual. I had to cover my ea

15 March 2017, This is the 3rd day of heavy Growler flights. So stressful to not be able to block out the noise

Still Growling

15 mar 17: Huge noise day. 5:30pm, 87dba inside house.

15 Mar 2017: Steady roars 7 - 9 pm - measuring 60 - 76.6 dba inside the house. Completely crazy making.

Huge Blasting overflights. Finale?

Loud sustained blasts at regular intervals throughout the morning into early afternoon. 74 dbC to 92 dbC measured inside our house. Hard to concentrate on normal activities. The debilitating "NEW NORMAL" for residents of Lopez Island?

Jet overhead! Noise lasting minutes.

Low flying Growler aircraft with gear down

EXTREMELY LOUD NOISE DIRECTLY OVERHEAD1

Deafening NOISE from jet overhead for 2 minutes. The sound shocked me as I am outside and it was so LOUD

EXTREMELY LOUD! RATTLES YOUR BRAIN!

2 VERY LOW FLING GROWLERS followed by a 3rd jet just flew over my HOME! Very unsettling and annoying!

I was on skype from Langley, WA, to downtown Lopez Village for a meeting at the Fire Hall. I could no longer hear the speaker inside the building because I could only hear the Growlers overhead until they passed. The noise was so intense inside.

16 mar 2017, Walking 95dba outside. Crushingly loud. 3 minutes solid. Engine testing pointing at Lopez?

16 mar 2017, Thursday: Now the Growlers are coming back from OLF. Again, Huge BLASTS. We all know they can land quietly - and are choosing to land at night - making as much noise as possible. Our windows are rattling.

Thursday, 16 mar 2017: Truly crushing sound. Makes being outside very uncomfortable.

16 mar 2017. Low roar - anxious to get inside before it goes into full blast.

16 mar 2017m Thursday: Loud takeoff roars. Probably headed for OLF. SJC hears pretty much everything that happens at AULT. Adding 36 more Growlers will be a nightmare.

didn't see, only hear. very loud and rumbling, I'm sick in bed, hate being woken up by that noise

Loud rumbling all morning. Made the birds stop singing, and the dog is nervous. I can hear it inside.

Low flying Growler aircraft

Woke me from nap

"No sleeping in this Saturday.

Loud low frequency noise, sounds like takeoffs at NASW"

The navy does not seem to understand or care their activities are ALWAYS disruptive!

Another peaceful morning shot.

Excessive rumbling and vibration of my house, disrupting my work

Loud rumbling and vibrations of house from growler takeoff, disturbing my work

Third pass, much louder than the last two since 12:20pm. I could feel th rumble in my body.

The noise has occurred several times today. It's like a loud thunder that scares my dog and it hurts my hearing so much it gives me a headache.

Low rumbling

Since around 10:30 this morning there have been up to 5 min every 10 minutes of a roaring vibration noise that is painful inside your head. This can't be a healthy environment to be outside in!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Intermittently throughout the day and evening a barrage of loud rumble and noise vibrating our eardrums and rocking our bones

The day begins with a huge GROWLER BLAST!

17 mar 2015, Friday: 5 GIANT ROARS. 75 - 80 DECIBELS INSIDE THE HOUSE

Friday, March 17: Overflight of 2 Growlers. Huge pressure waves. 90 decibels outside.

Blast after Blast - 80 decibels inside the house

Much louder than usual for our property.

several close very loud planes which could wake the dead. Have some human decency . We are not the enemy, we are your neighbor

Sunday night dinner with friends interrupted by huge blast of noise from Whidbey NAS. No respite- not even on a Sunday evening.

Walking at Point Colville with friends visiting. Then an ear shattering flyover by a Growler. Nice compliment to a peaceful walk on the San Juan Islads National Park...not!

Sunday, A huge BLAST to start the day!

3 REALLY BIG BLASTS. House is vibrating. They have to do this on a Sunday night ??????

Loud rumble

Loud rumble

Whole house is shaking from overhead jets. Deeply disturbing physical sensations.

The china rattling rumble resumes. This is really unpleasant. Where are the promised hush barns?

Loud wall of sound occurring at regular intervals, engine run-ups (or FCLP's) at Ault Field, Whidbey NAS. Shook house, penetrated our bodies. peak sound leves measured

at 78 db C scale. Another day of health-threatening exposure from the NAVY.

fly-overs throughout the day and evening until past 22:00 hours. No peace again today.

Constant low frequency loud rumble. Enough to drive a person crazy. Made me angry.

Monday, 20 March 2017: Sounds like Growler takeoffs. Roughly 76 decibels

Monday, March 17, 2017: Overflight of 2 Growlers - Amazingly loud outside. Can feel the noise pressure.

Monday 20 March 2017: Another crushing overflight. So, so loud outside.

20 Mar 2017: A night of ROARING. FCLP's at Ault Field.

RUMBLE RUMBLE another NOISY day on northwest coast of Lopez Island!

Earthshaking blasts from Whidbey NAS to start the day, continuing without end. Being pounded mercilessly by invasive, harmful noise... The Navy is hurting U.S. citizens on a daily basis. Shame on them.

Windows in our house were vibrating

"Hideous noise from 3 jets flying screaming over Lopez. Trying in vain to take quiet peaceful evening walk. Rep Larson supports the Growler program must never be re-elected for destroying

our peace!"

Loud over flight. Totally disrupted and stop conversation inside our home.

Roaring, house shaking, noise affects inner ear. Painful and disturbing.

All activity requiring concentration is impossible, with wall of noise events going on throughout the morning. Our federal representatives have failed us, and continue to ignore the deleterious effects of Growler training practices at Whidbey NAS on

Loud constant rumblings from jet aircraft. Very disturbing. Can be heard inside building. Makes me angry as hell

Rumbling I can hear inside with the windows closed. Disturbing.

Noise over the tv

Several loud over flights. Disrupted indoor activities

Get a grip RICK LARSON - YOUR GROWLER PROJECT NOISE POLLUTION AT THIS HOUR of night.

LOW flying Growler overhead! Another Growler overhead while I type this!!

Loud!!!

very low flyby

From 3/22 to 3/24 (today) the jet noise has been super disruptive and extremely loud. Last night during dinner we had to suspend conversation and hold hands over our ears. In the last few days we have had noise so loud that it hurts. Please stop.

Low flying Growler aircraft

Low flying Growler aircraft

Horrible screaming jets at 8pm! North end of Lopez. LIKE THE BLUE ANGELS OUT HERE! Thank you Rep Rick Larson for this noise pollution!!!

Two overflights, close together of F-18's. Very loud. Disrupted conversation inside.

Buzzed by low-flying growler. Earsplitting, bone rattling, awful. This would be illegal if a private person did it.

Extremely low flying jet, several passes, directly overhead. Large aircraft, not jets landing in Friday Harbor. Extremely loud.

At regular intervals all evening. Too loud for undisturbed sleep.

Continuous ground rumble from WNAS from 7:45 until now. Makes sleep difficult.

Low altitude, slow, high thrust, eastbound

This constant rumble has been going on for many hours. My ears drums are vibrating and I am very anxious

Constant drone of aircraft all day long-- almost constant from 7 am to 7 pm

The noise is so intense that my pets are terrified, and become sick. Unbearable! NOT OKAY!

visible and very loud. enough to cover your ears for protection

awful noise for 10 minutes starting at 9:20pm

this is awful noise between 9:30 pm- 10:00 pm. Loud enough so you can't converse

Terrible LOUD JET OVERHEAD last night and now - so loud it drowned out my loud music!

Is your pilot lost. What is he or she doing over Shaw Island. I have a GPS the pilot can borrow.

Night time

Second low flying Growler aircraft, disrupting my quiet evening

unbelievable blast I run an accommodation business-guests are very disturbed by noise-asking what is it?

Low flying Growler aircraft over my house, disrupting my work

the jet that just went over hurt my ears and the constant loud noise is causing me to get a headache today.

Could not talk to others, extremely loud low flying Growlers. The Navy has millions of acres, please go somewhere else!

Roaring and growling, hideous vibration rattles bones and brain. That this is legal is inconceivable.

Directly overhead. Low speed, high thrust. Very loud. This is starting at 9:23 PM!!!

Low flying Growler aircraft, with gear likely down

Once again, terrified my house pets.to extreme retreat. Had to stopped all conversation..could not hear ANYTHING..but intense roar! Unacceptable!

Three jets flew over our house. The third was low and loud. I had trouble reporting this but hope this finally works.

Vibration shakes the floor of our home. Heard and felt over TV noise.

It's bedtime. The jets are roaring. This part of the country has been identified as one of the few remaining quiet areas in the world. Part of this recognition is how important it is to have quiet places. Quiet is precious.

Low flying Growler aircraft with gear down

Very loud jet noise in the skies tonight

Extremely LOUD jet overhead, disrupts evening readiness for sleep. 10:13pm. Sounds like a loud growler

There is a VERY LOUD ROARING jet overhead. 10:16pm. The NAVY clearly regards us as unimportant. Collateral damage as they play war games. Noise at this time of night, or anytime should be prohibited.

Asleep. Awakened by a loud aircraft overhead. Long roar. Made a note to report it today.

Jet at 1000ft caused pictures to shift

Extremely loud woke us up close to house

Multiple overflights disrupting sleep.

I was awakened by very loud jet noise over my house, and struggled to get back to sleep

This loud growler was loud enough to wake me up from my much needed sleep

Very low and loud twice

Walking to Watmough, very loud, disruptive noise from Whidbey NAS. Hard to enjoy the walk.

Plane noise has been constant for about an hour, with occasional loud rumbles and vibrations.

Very loud noise. Unable to sleep.

The jets flew over late ar nighr

"very cloudy/rain

loudest sound I have ever heard from any source on this island"

So now after a morning of jet roaring vibrations penetrating our home, we now have jets roaring above us. growlers with the signature never-ending ROAR that over-rides all households sounds.

SO loud and so long. MY body wanted to scream

"3 jets in last 5 minutes!

#Trumps Navy"

We are currently being BUZZED by a growler. The sound is deafening. We live in a war zone. Is that what Rep Larsen wants? Who is he representing? The navy or the residents?

Another loud jet roaring overhead. Long growl. Very annoying and disruptive.

I know the sound of Growlers and this was most likely one of them!
