

Jet Noise Reports: September - October 2020

San Juan County and Other Impacted Areas

Since 2015 an increasing number of jet noise reports are being made from residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. This report provides data broken out by reports generated inside San Juan County and outside.

Here are some of the comments submitted by residents of our region regarding Jet Noise. More comments begin on page 9. They tell the human story. Please read them.

- ✚ 10:01pm Oct 8 I was rudely awakened by what I thought was an earthquake. I looked at my alarm clock, the rumbling went on, and on. Deep, threatening. Should I get up & out? Nothing was moving just vibrating. Then realized it was Growler engine run up.
- ✚ After last night- UNable to get to sleep/rest when I needed due to continuous flights over my home in Anacortes- I am enjoying a small headache from listening to same aircraft at work in Oak Harbor. Now DISRUPTING my webex meeting. I can't hear.
- ✚ Horrible Growler noise ALL WEEK. Twelve plus hours on Monday, all Tuesday and Tuesday night, jets are not following flight paths and are far exceeding 45-minute training blocks. Impacting daily life, tourism and health of thousands in Port Townsend.
- ✚ Quite loud jet noise woke up the kids. They wouldn't stop crying and my wife and I had to go to work early the next day. Extremely unacceptable!!!
- ✚ Heading to my car from Skagit Valley Hospital- needed to cover my ears in the parking lot with overflight of several Growlers- tearing the night sky apart. 7:15pm Mt Vernon
- ✚ Shocked from an early sleep by close overflight in Anacortes- peaked 78db inside, over 70db for 30+ sec and over 60 sec over 60db. Nothing like the Prowler days. That was a navy lie- orders of magnitude worse.
- ✚ Kids aren't able to do homework because of the extremely loud noise that is also shaking the house.
- ✚ 10:26AM. OCTOBER 6. LOUD JET ROARING. PROLONGED JET NOISE OVER SOUTH LOPEZ. IT IS NON-STOP. I have stayed in hotels right next to Sea-Tac airport and I hear NOTHING LIKE THIS. LEGISLATORS: Pay Attention!!! Navy is out of control.
- ✚ S Lopez, 7Oct20, Wed: 12:06pm, Overflight - 88.6 decibels in the house! Everything shaking! 12:34pm 72.8 dec., Overflight (again). 4:13pm, another overflight - 75.3 dec on house. 7pm - HUGE ROARS in the house 75 - 85 dec. 9:22pm - ROARING 85d.

INSIDE THIS REPORT:

-  **Annual Comparisons**
-  **Monthly Comparisons**
-  **Reports by Type of Noise**
-  **Noise by Time of Day**
-  **Reports by Day**
-  **Map of Report Locations**
-  **Comments submitted with each report, revealing human impacts**

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

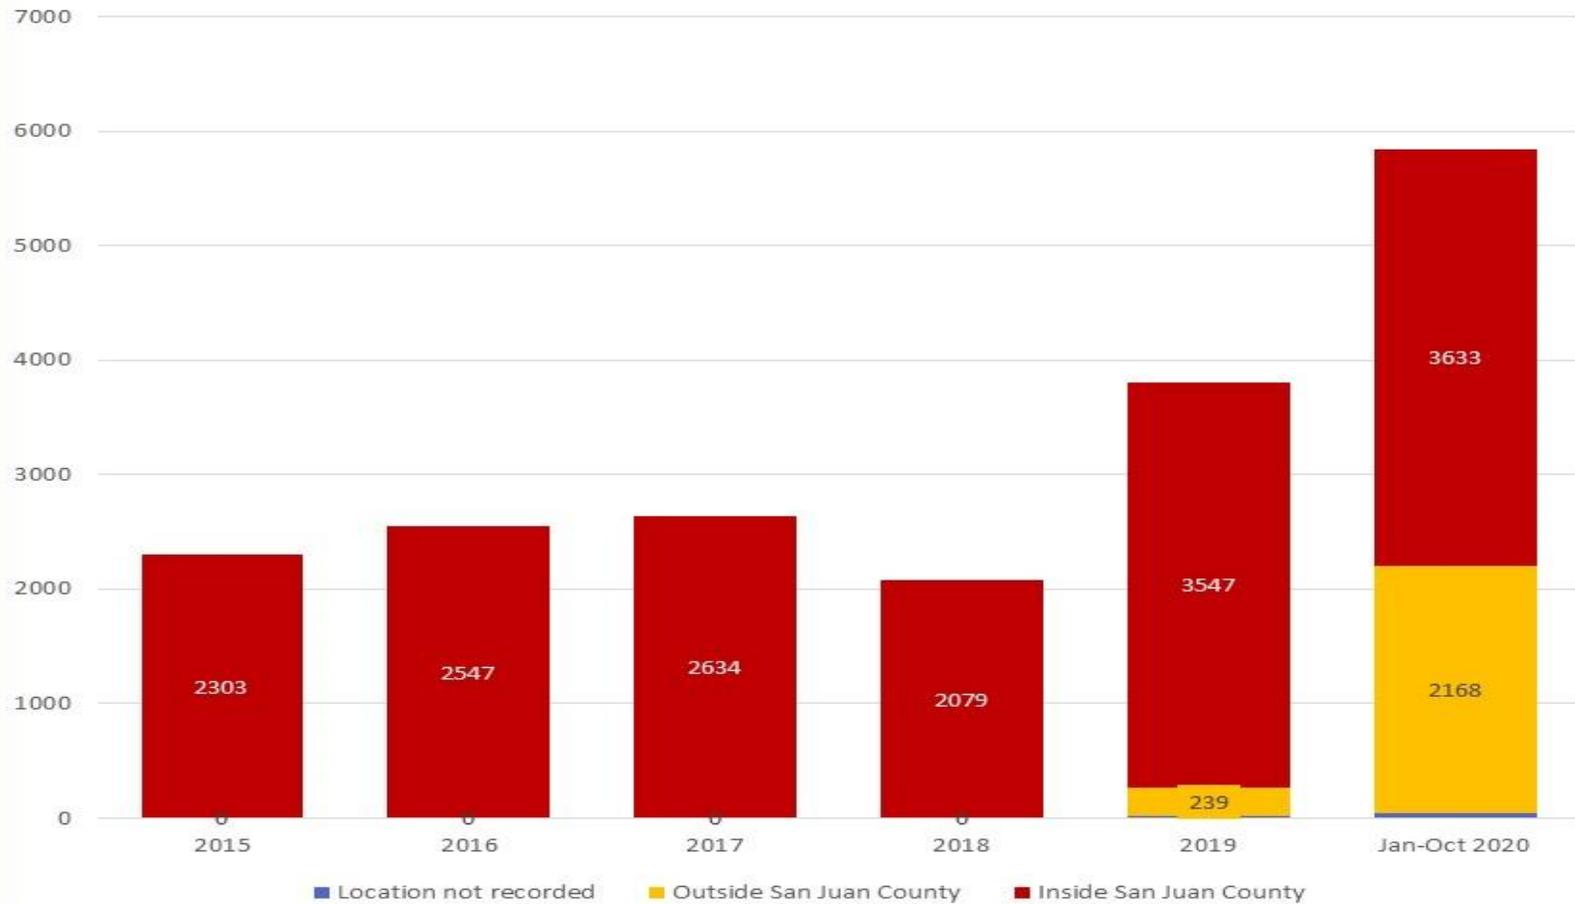

gis.sanjuanco.com/aircraft-noise-reporting

In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. We are seeing an increasing number of reports from the wider region.

This report is compiled by Quiet Skies:

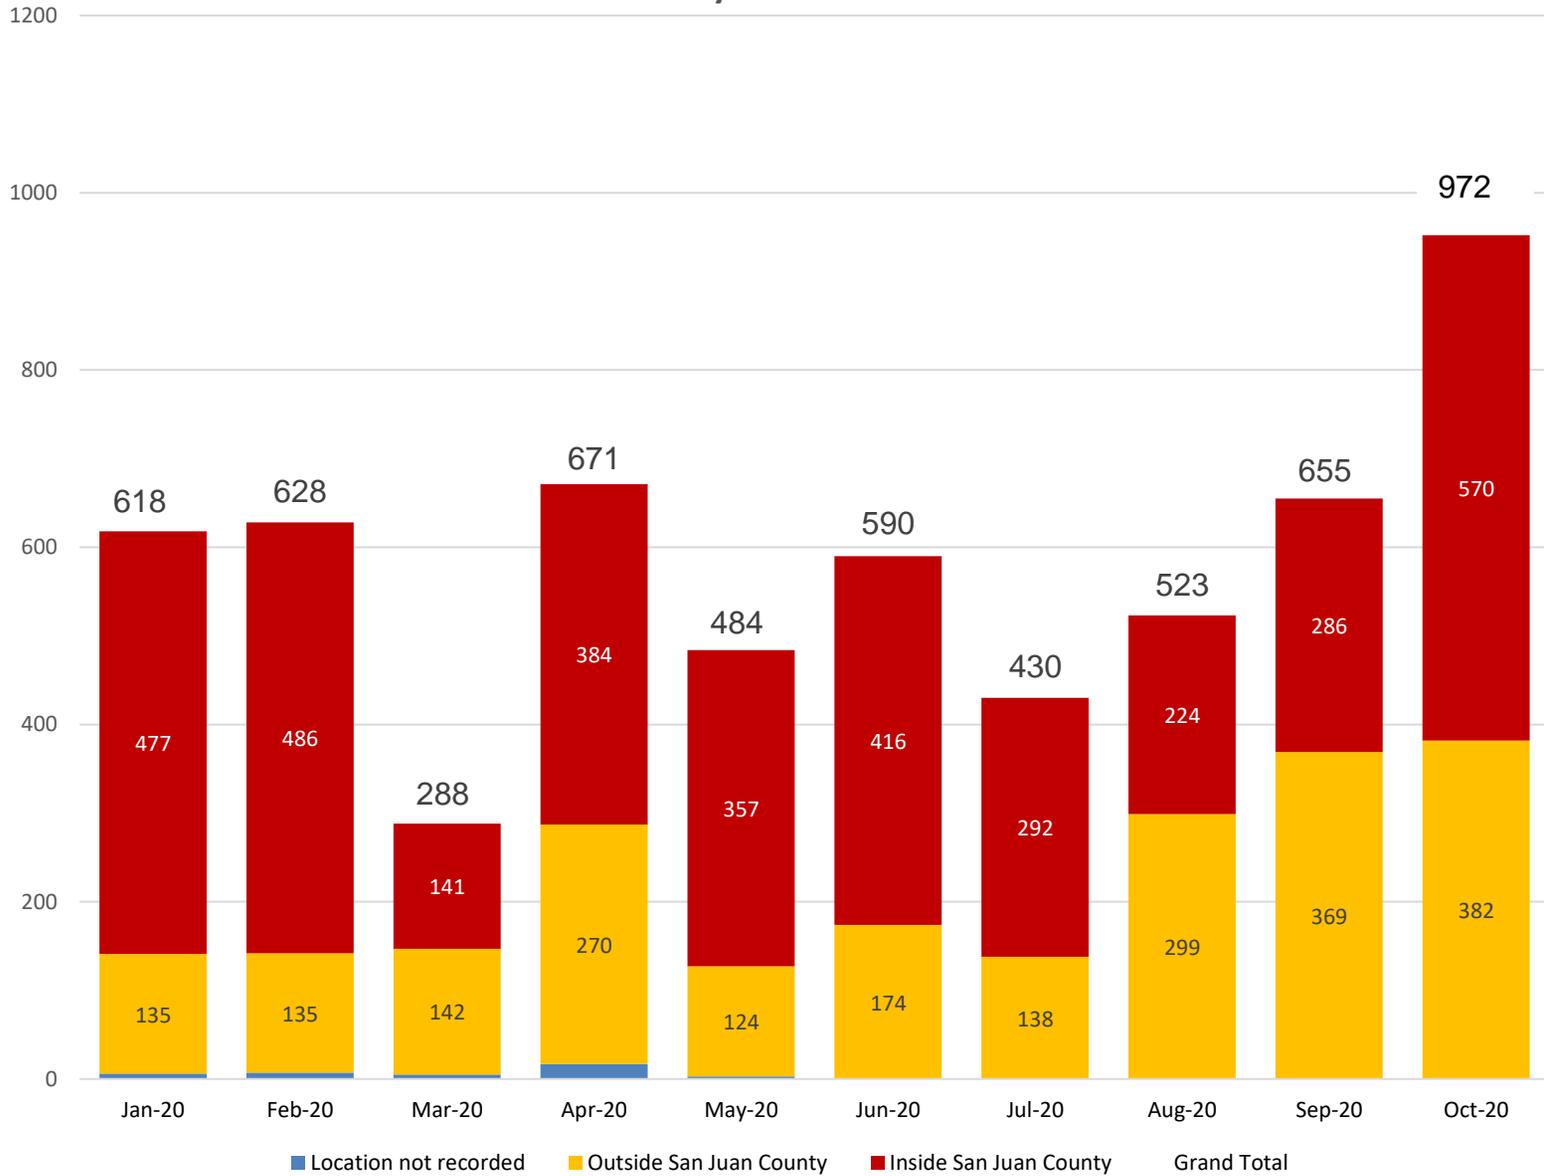

<https://www.quietskies.info/>

Jet Noise Reports 2015, 2016, 2017, 2018, 2019 and the First Ten Months of 2020

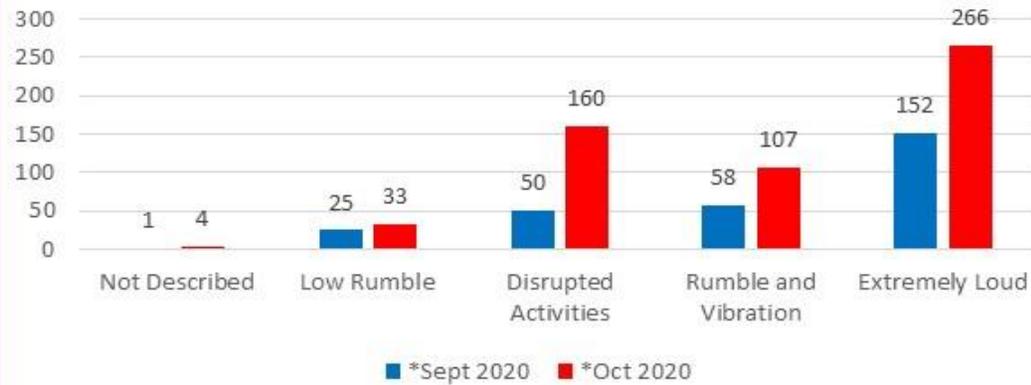

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the simple totals of all reports in the database since 2015.

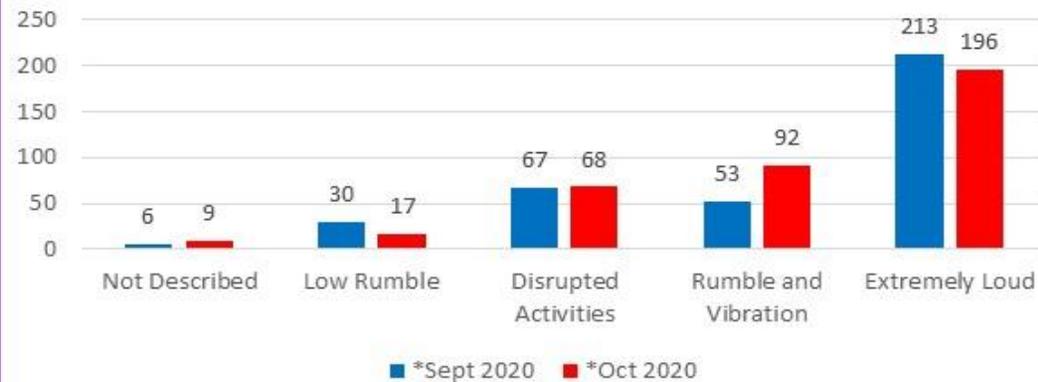

Jet Noise Reports by Location January - October 2020

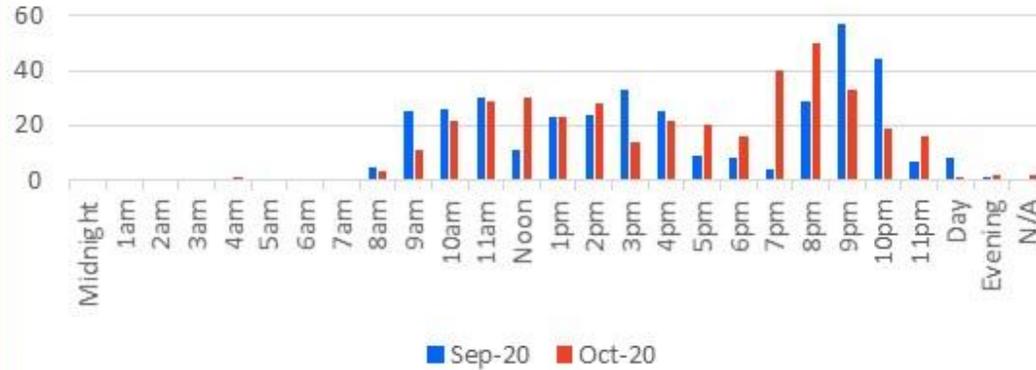

Inside San Juan County
Reports of Jet Noise by Type of Noise
September-October, 2020

Outside San Juan County
Reports of Jet Noise by Type of Noise
September-October, 2020

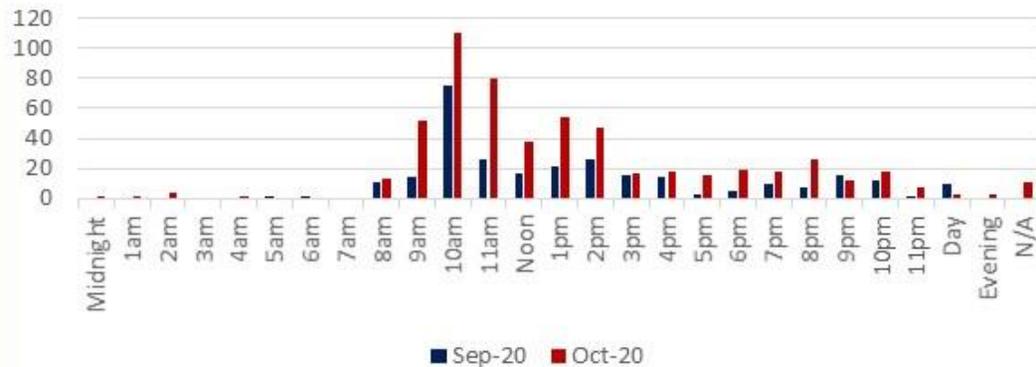

Noise Reports by Hour of the Day Outside of San Juan County September-October 2020

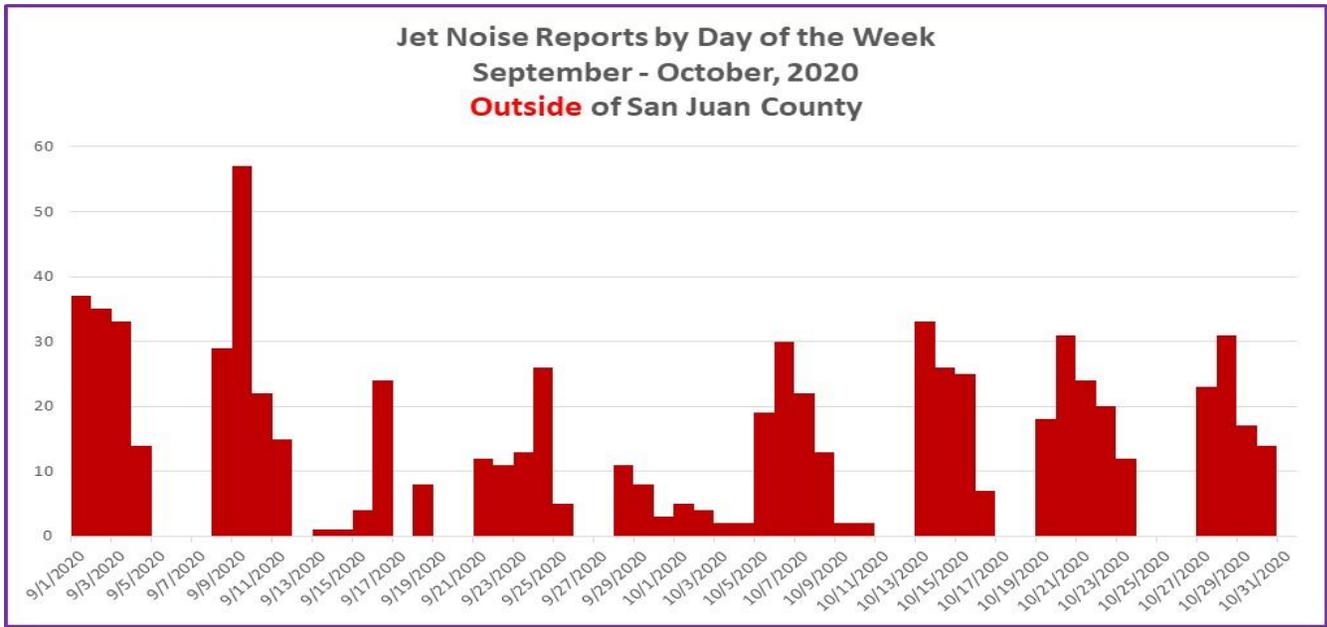

For example, submissions that report noise 11:00 am through 11:59am are clustered in the 11 o'clock hour. Sometimes reports do not include a specific time. For those, related data may indicate Day or Evening noise disturbance, or Not Available.

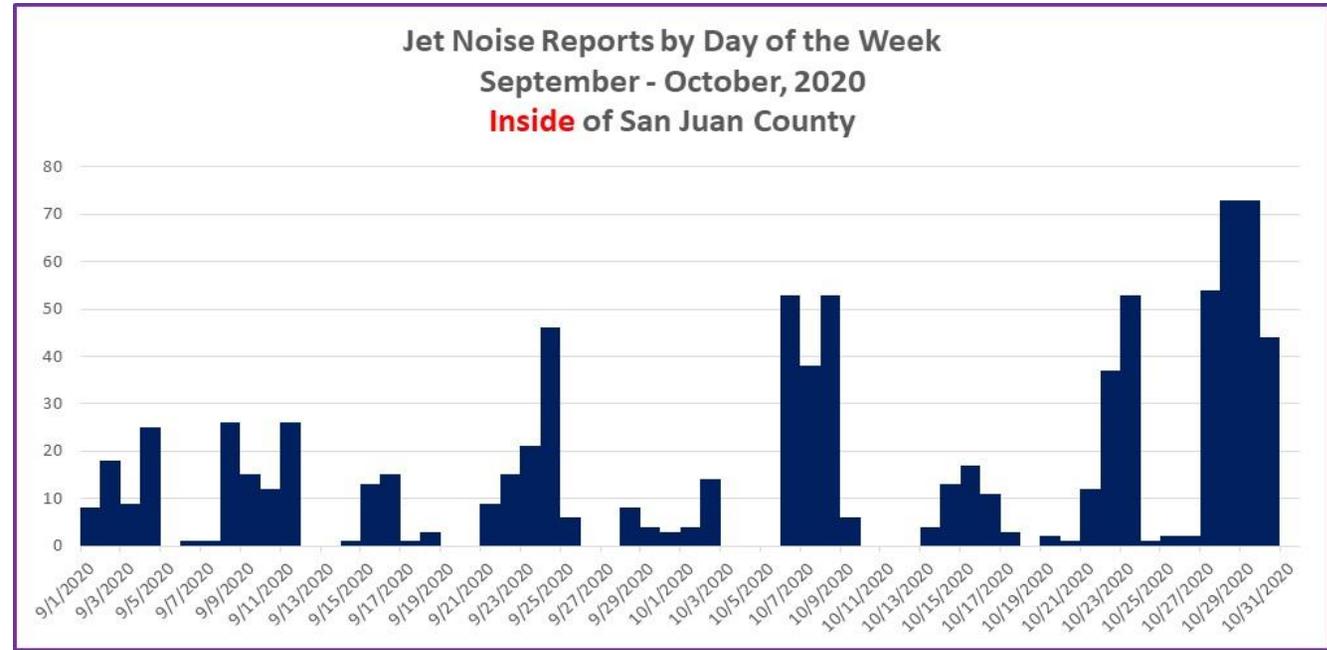

Noise Reports by Hour of the Day Inside of San Juan County September-October 2020

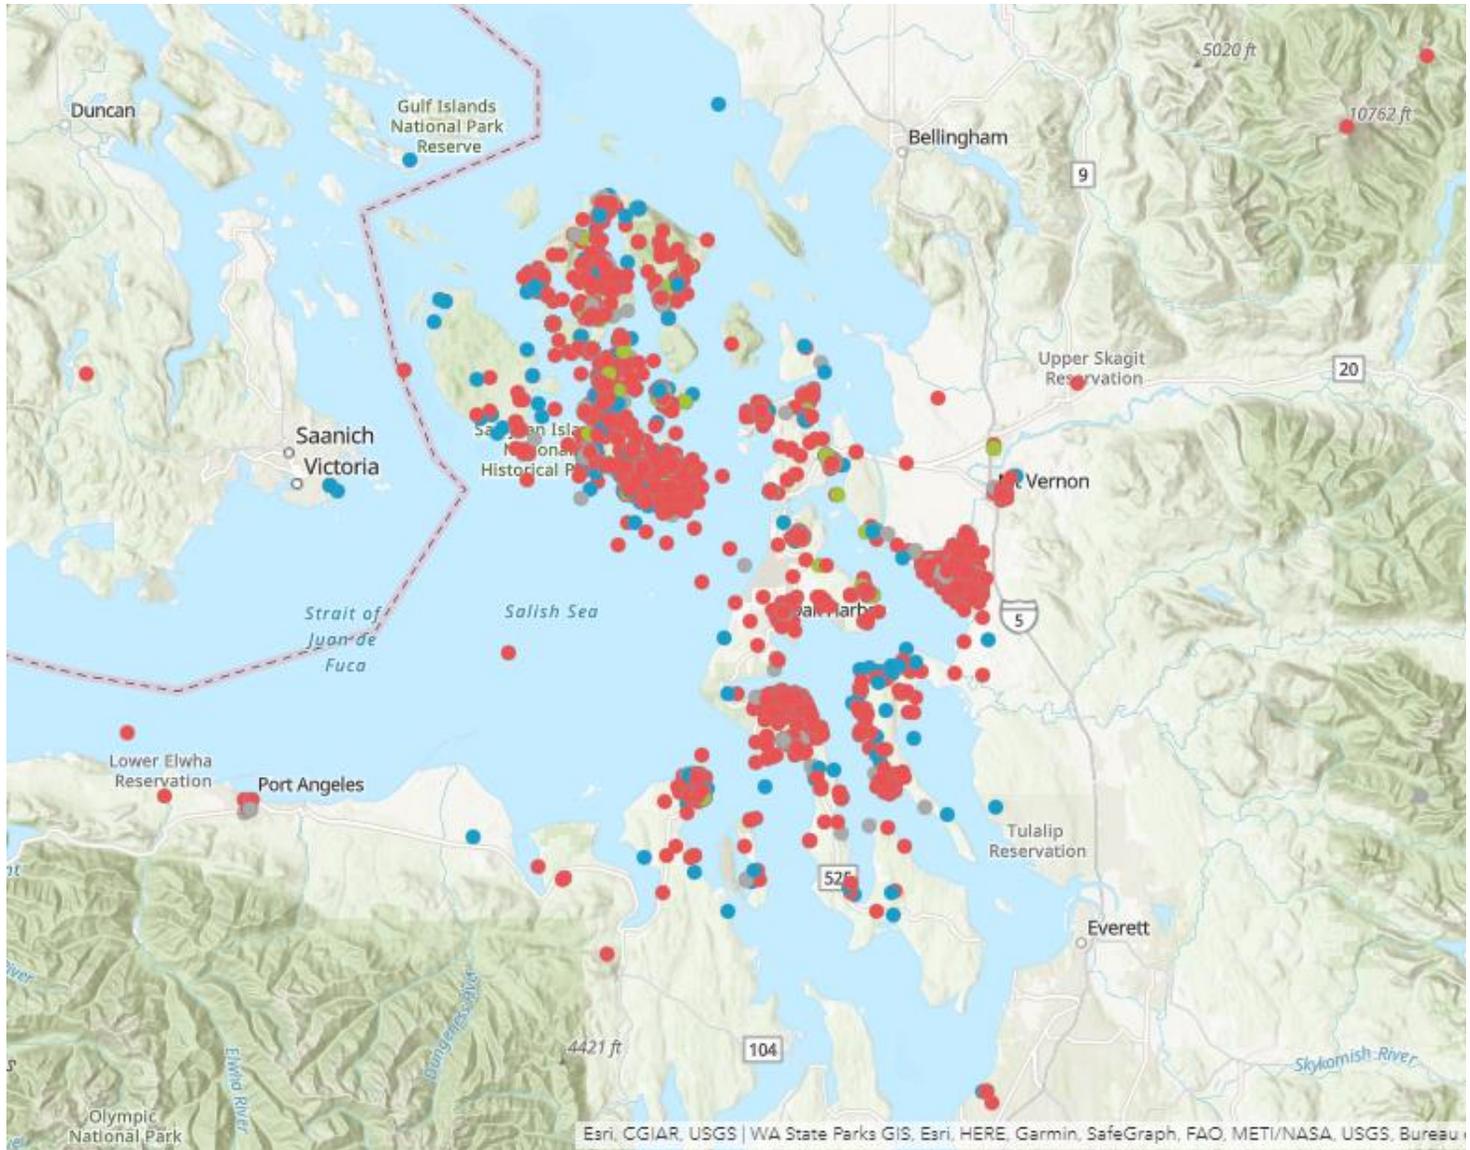

Note that there are hours of varying noise incidents. The Navy persists in using “annual noise averaging,” significantly underestimating of the impact of jet noise. There is no “average” level of noise felt by residents in this region. The noise is variable and unpredictable.

Another example: As described in the previous chart, the Navy persists in using “annual noise averaging” to justify its statements of low impact. As you can see in this chart, there is no “average noise” felt by residents in this region. The noise is variable and each day is unpredictable.

This picture of the Aircraft Noise Reporting Map includes the larger region. People outside of San Juan County began having access to the aircraft noise reporting website in Fall 2019.

This map is reduced to fit this page. Thus, the reproduction of the multi-colored dots, which signify noise reports, minimizes the apparent number of reports since the dots overlay other dots.

This map represents 7340 reports since August, 2019.

Comments Submitted with September and October 2020 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted.

10:38am. 9/4. S Lopez. The blasts of jet noise are intensifying. I'm distracted. Trying to work on a report & each blasts draws my attention away. It's uncomfortable to wear headphones - is that what I have to do in my own home to feel comfortable?

S Lopez, 15Oct20, Thur: 10:45am - 12:21pm. Constant NOISE ranging from 65 - 85 decibels in the house - 75d - 95 outside. Everything shaking. Completely crazy making. NOISE continues at 6:55pm and 7:07pm - 72.8 - 84.8dec inside the house.

Jets flying constantly since 0830 still flying @ 2200 it's So loud the windows shake. I could not hear the tv or talk on the phone all day .can't open my windows because of the noise. At 10pm I'd like to get some rest but the jets still fly.

11:10am. Anacortes Cap Sante Park. Oct 20. Out for a walk in sunshine. Suddenly two Growlers overhead, low, shrieking and roaring, heading northwest-ish. So loud I had to cover my ears. Conversation with walking partner STOPPED. Horrible.

9:28am. 9/24. AGAIN Anacortes Ferry dock. Another jet ripping the sky apart. How do people live in Anacortes? Miserable. Stuck in a ferry line and feel like we are being attacked. Hope we can leave soon. Telling a friend not to move to Anacortes.

Jet noise every 10-20 minutes this morning, so loud you can't talk outside to each other. In one hour we have heard at least TEN jets. Non-stop noise all morning. HORRIBLE.

10:09pm. 10/8 South Lopez. ANOTHER body-shaking vibrating roar from NASWI. Growler engine runup of some kind. Woke me at 10:01. Now I am fully awake. This is ABUSE by the Navy. No excuse for it. Legislators: you wake up too! Acknowledge the damage.

S Lopez, 3 Sept 2020, Thur. 6 am - 6:20 am: Horrible to wake up to ROARING at 6am. Easy to understand why this noise incites violence. Senator Murray and Rep Larsen are doing nothing to protect us.

9:16am. Oct 27. ANOTHER ROLLING RUMBLING VIBRATING ROAR FROM WHIDBEY. THE FLOOR SHAKES, I SHAKE. This is abuse that is condoned by legislators. The Navy does not protect us, it abuses us.

Very loud rumble and vibration through the house. Can not sleep when they fly and they fly until midnight or later. It is so stressful I feel like I am going the have a heart attack. The dogs sometimes even cower when they hear them (in the house).

I was teaching online classes and had to stop teaching for 10 minutes as it flew overhead.

Started again at 9 PM again tonight. Flying over my house several times during the day too. So sick of this.

All morning, loud rumbling.

S Lopez, 24 Sept 2020, Thur: 7:55am ROAR, 8:46am 76.8 dec, 9:55am - 10:30am OVERFLIGHTS RATTLING HOUSE AND BODY - 80 - 90 dec.

Unbelievable that this is allowed !!!!!!!!!!!!!!!!!!!!!!! More at 5:35pm, 5:36pm and 7:12 pm

A beautiful fall day, where American citizens must scurry into the house, close the windows, secure the animals and live in a bunker while they destroy the climate, ruin our health and play war games over children going to school.

Growlers off and on throughout the day. HORRIBLE noise, horrible sensation, horrible disruption. Destructive to all living creatures.

Jet noise all day until 10 p.m. - unknown jet type flying over Camano Island all day until 10 p.m., with growler rumbling and burning roar in the background. Too much.

With covid, dangerous levels of wildfire smoke, dense fog... this additional noise and pollution from the growlers. Is it really Necessary right now to torture us Even more?

S Lopez, 15 Sept 2020, Tue, 8:20am: SMOKE, visibility zero. Growlers are ROARING at Ault. There are not enough 4 letter words to describe the depravity of the Navy in this situation. Breathing is hard. How do we stop them?

Easily heard and felt growler roar over 50mph winds.

We had loud rumbling at 8.45, 11.00am. 11.10, 11.20, 11.25, 12.15, 12.30, 1.00, 1.30, 2.55, 5.00, and 5.15. Good lord, talk about noise pollution, it went on and on all day. What are they doing to us ?

S Lopez, 18 Sept 2020, Fri: 8:45am 65 dec, 9 am 68.9 dec, 9:16am 67.4 dec, 9:35am 68.2 dec, 10:12am 66.3 dec. This day started with a quiet walk. No FCLP's scheduled. Peacefulness was shattered by the screaming jets. The Navy is ruining our region.

The LOUDEST GROWLER I've heard all year just banked over my house!!! GEEZ is this because I report the toxic NOISE?

Next round of FCLPs at OLF

This rumbling has been going on repeatedly all morning long- very disturbing.

S Lopez, 4 Sept 2020, Fri, 8:50am - 10:30 am sporadic BLASTS and ROARS 66.4 - 83.5 decibels - louder outside. House shaking.

Aircraft are once again out of the flight pattern.

Engine run up blast

A beautiful morning marred by the noise of the obnoxious and unnecessary aircraft. I need to work and think. It's hard to do with that going on.

"really disturbing. feels like the bowels of the earth are about to explode.

Crazy loud

8:55am, 9/18 Jet engine roaring already from Whidbey. South Lopez.

the growlers were loud all afternoon yesterday. Starting with early in the morning, again, sometime between 3-5 AM Miserable.

They have stayed no flight take off and landings but they have been doing this the last two mornings through afternoon. To the point of coming in from outdoor activities.

F*** em

"Go home. Spend this money on something worthwhile, like a vaccine.

It's now 8:58, and more rumbling. This is ridiculous."

Awful deep low frequency rumbling and low frequency shaking to the south side of my house. Sickening creepy sounds of warplanes . Heard from Anacortes. It was such a peaceful night up to now...

Roaring loud enough to scare my dog into the farthest corner of our basement to hide

"Getting multiple low Flyovers"

Intermittent roaring starting right up- awful sounds in ways the Prowlers never were. So much worse, so much louder, so much more in your bones- so much more disruptive to life, work and health then the Prowlers ever were. Oak Harbor

Followed by more of the same approx 2 minutes later

9:21am 9/24. At the Anacortes ferry landing and WOW the roar of a jet overhead. Incredibly loud. Had to hold my hands over my ears. I was startled.

It was so nice and quiet over the long weekend. Too bad it had to end.

9:27am. 9/8. HUGE and extended rumbling roar and vibrating wall of jet noise. Here we go with the War again. South Lopez.

Pretty much constant low flying jets tonight

9:28am. 9/24. AGAIN Anacortes Ferry dock. Another jet ripping the sky apart. How do people live in Anacortes? Miserable. Stuck in a ferry line and feel like we are being attacked. Hope we can leave soon. Telling a friend not to move to Anacortes.

9:29am. 9/8. Now another rumbling jet roar. This one going on and on and on and on. The floor vibrates. Still going on. Engine run up or take-off. Whatever it is it is invading my home. Legislators: how do you justify a home invasion 14 miles away?

9:29am. 9/10. Rumble and Vibration of jet noise. South Lopez.

Go away!

9:30am. 9/8. ANOTHER rumbling roar..they are coming on the heels of each other. Prolonged vibrating roar. South Lopez.

9:30am. Very loud jet shrieking overhead. South endLopez.

No scheduled flights my ass! Flying circles around fidalgo resulting in constant jet noise at 930 at night. F*** em!

9:33am Sept 24. Very loud jet roaring over the ferry dock at Anacortes. A really big booming roar.

Sounds like there is some kind of horrible metallic vacuume cleaner in the sky- such awful sounds. Very distracting. Distrupting thought processes at work this morning (and so many others.) Oak Harbor

9:36am. 9/10. Consistent jet roaring and waves of noise. South Lopez.

9:37am. 9/25. We are getting a lot of noisy rumbling here on South Lopez.

9:38am. 9/10. South end Lopez. Very noisy skies with jet noise, rumbling.

Second of two flyovers in less than 10 minutes

Last session lasted roughly 30 minutes. Now starting next set of FCLPs at OLF. The constant roar of jets is so unbearable at times. Too warm to have all the windows closed but too loud to have any open.

Kenmore can't even fly due to smoke and pollution, what gives the right to the frigging navy to ignore this. The smoke of war?

very sustained and therefore very noticeable. additional rumbles following as i writ this

Put a muffler on the JETS! This is ridiculous

couldn't get the map to work. live in langley, near fairgrounds. yesterday during day and started up today (9/1about 10am?).

10am. Sept 8. South Lopez. LOUD RUMBLING VIBRATING WALL OF JET ENGINE NOISE.

Disrupted sleep two nights in a row.

S Lopez, 10 Sept 2020 Thur 10 - 11am: HEAVY SMOKE from fires- constant ROARING 75 - 80 dec. 10:30 -11:10AM, 82.3 dec in the house. Noon- still ROARING. Feels like Dante's Inferno. Heavy smoke mixing with toxic Navy exhaust. Why is the Navy flying!

"On 9/24 the jets flew throughout the day

I was in the house but had trouble talking with my Mom on the phone because the noise was so loud inside my home.

very stressful to be hearing this for long periods of time"

Doe Bay Orcas Island WA

Disrupted working from webinar. Caused loss of work.

This has been going on for at least 30 minutes

Extremely loud flyover while we were walking in park followed by several more distant rumbles as more growlers flew over.

S Lopez, 9 Sept 2020, Wed, 10:15am : The ROAR begins again. Heavy smoke continues. Navy continues to spew CO2 and exhaust into our air. 2pm 2 Growlers - extremely loud overhead. If they don't care about us - do they care about their families air?

Multiple fly overs causing excessive noise that makes it difficult to work outside the house.

I'm working in the school library, and the noise is the worst I've heard in a long time! We're used to hearing them fly over during recess, but today's flyover was TOO LOW and TOO LOUD.

Jets roaring overhead, screaming around. What a dreadful thing to inflict on our county and neighboring counties. THIS IS NOT HEALTHY. ALLOWING THIS SORT OF NOISE IS INSANE.

Inside - had to stop meeting Multiple flyovers.

Separate incident from 10:12am flyover

Growlers LOUDLY BANKING over N Lopez in a flight pattern over My home for 10 MINUTES! Disturbing my grandsons play and annoying me tremendously. Another jet overhead as I write. This is ridiculous!

"Continual jet noise for extended period of time. We as a country should be spending untold amounts of tax \$\$ on this!!!!

We are in a pandemic! Global warming!! Wake up!!!!

This is ridiculous - Flying directly overhead - According to their EIS they only fly over the straits. Somebody needs to fix their GPS in their planes.

North Lopez. 10:23am. Sept 24. Jet overhead. Deep and intensive roar. Disturbing.

Every day, several times. Need to stop outside activity because of very loud noise.

Loud and disruptive pass overhead. Unnecessary to be this close especially on a day when low cloud cover only exacerbates the noise!!

Obviously, the Navy doesn't do noise abatement!

Repeated low overflights, painfully loud inside the house

10:25am. 9/30 Lots of jet engine rumbling in the sky. Constant. S. Lopez.

And yesterday it was jets screaming overhead. Seriously, can't you figure out something better to do with all this money you're quite literally burning? You may not have noticed, but there's a pandemic going on.

Third set of FCLPs starting at OLF. Too loud to go to sleep.

"this time there were 5 in a row spaced

about 5 mins apart , extremely loud rumblings coming from Whidbey naval airbase.. Shook my deck under my feet, I had to cover my ears it was so painful.

What is it ?"

sustained rumble

10:30am. Sept 8. The rumbling vibrations hitting our home continues. LOUD right now.

"Rattled windows

jets kept circling around for about 1/2 hr

10:32am. 9/4. S Lopez. We started earlier today with jet roaring blasts from Whidbey. I'm here to report "There's another one!" What is so disconcerting is that the sound/noise is like the roar of an earthquake. Now at 10:34, there's another one.

Lopez Village. Sky is filled with jet noise. Due to low clouds I can't see it, but the noise is intense.. The roaring noise lasts a long time. 10:32am. 9/24.

More jet NOISE! Constant for 15 minutes 🤔

10:33am. Sept 24. Just got rid of the jet noise and now here is another one. An even bigger roaring deafening noise. Lopez Village.

This is the week to target Lopez Village by the Growlers evidently. No one, and I mean no one, should be subjected to these terrorizing jets.

There has been some very LOUD jet noise thunder in the skies this morning. Very disturbing. Sept 28. South Lopez.

Very very loud

10:41am 9/11. LOUD jet roaring over South Lopez.

My god it's every five to ten seconds. It's an infestation of horrible, obnoxious, expensive, POINTLESS noise and misery. Go home. Use the money for something useful. Stop playing stupid war games.

The start of FCLPs at OLF

Horrible noise in Port Townsend, affecting thousands of residents and discouraging tourism. Severely impacting our property values and way of life, loss of sleep, inability to go outside or open windows on hot nights. No more Navy support from us.

I was watching a pod of orcas near Ledgewood Beach for about 30 minutes. The growlers came and started touch and goes. After the second aircraft the whales went down and I didn't see the again.

Jet noise every few minutes since 10am

Three ear shattering growlers flying roughly East to west. Had to cover ears of you d person while inside house.

Low and loud

10:48am. 9/29. Percussive LOUD roaring jet above S Lopez. I am not looking out the window but it sounds like more than one jet. At any rate, it is loud and prolonged roar.

10:48am 9/11. How can I be in an interior room in my well-insulated home, with no windows, and still get an ear-ful of LOUD jet noise overhead? Navy is flying jets over us that do not belong in a populated area, much less so-called peaceful islands.

Nearly constant loud and disturbing flyovers this morning. It is unacceptable! They are continuing now at 10:54 AM.

10:52am. Sept 8. Another jolting vibrating roar from Whidbey.

Stop DESTROYING our peace!! IT IS IMPOSSIBLE TO GET AWAY FROM YOUR HORRID NOISE! WE NEVER AGREED TO BE PAWNS IN YOUR WAR GAMES!! GET YOUR DAMN NOISY JETS OUT OF LOPEZIAN SKIES!! LEAVE LOPEZ ALONE!!

10:53am. September 24. Mid-Island Lopez. In the car, radio going, and suddenly we are interrupted by an intense jet roar. There are clouds and rain, so the jet is unseen, but there is no mistaking a low-flying Navy jet noise.

10:54am. 9/4. S. Lopez. Is this what people who live in a war zone feel? Hearing the roar of the nearing jet? The body vibrating? The roaring from Whidbey continues. Blasts and Booms of jet noise. This region IS A WAR ZONE.

10:54am. 9/8. This rumbling roar is going on and on. Prolonged vibrating noise.

And also at 10:44am, 10:52am and several other very low, ear shattering flyovers this morning

Another 2 really loud rumbling sequences . Sounds like jets all revving their engines at the same time

Horrible roaring this morning. This noise is such a destructive form of pollution. The noise and vibration are disorienting, painful and stress inducing. SHAME ON POLICY MAKERS WHO SANCTION THIS DREADFUL NOISE.

Several flyovers throughout the day. Frightened livestock. Disrupted activities.

10:56am. 9/4. S Lopez. This time a very long booming roar. It is still going. Still going. Blasts from the take-off and roaring as the jet gains altitude. Still going.

10:56am. 9/22. S. Lopez. BOOM. Sounded like an explosion. And then the roar of jet noise.

10:57am, 9/10 South Lopez. More jet rumbling. A noisy morning. Makes me feel depressed about what the noise will be today.

10:57am 9/11 ANOTHER LOUD jet flying over us. South Lopez.

Low rumbling and vibration nearly all day and still continuing at 9:43 PM

CONSTANT BETWEEN 10:30 - 11:30 am

Constant low roar for over 2 hours on an otherwise beautiful morning

11am. 9/8. South Lopez. Another rumble and vibration shaking us up.

11:03am. Sept 8. S. Lopez. Continued rumbling of jet noise from Whidbey.

Lots of low flyovers, sometimes 2 jets, very low, generally heading west

11:06am. 9/8. S. Lopez. Jet roaring overhead. LOUD. LOUD LOUD

11:15am. 9/4. South Lopez. Continuing my reporting of continuous jet roaring. Vibrating NOISE is entering my home. Is this what living in the San Juan islands is all about? Jet Noise?

This low but disturbing rumble has been going on intermittently for at least the past 3 days, continuing into the late evening sometimes.

11:15am. Sept 8. Extremely LOUD jet roaring over South Lopez.

11:19. 9/4. Another vibrating ROAR from Whidbey. This is abuse.

Excessively and painfully ear cracking loud.

11:20am. Sept 8. ANOTHER loud jet over South Lopez. LOUD ROAR.

11:30am 9/4. BIG loud jet roar. Here's another analogy. You are in a building (hotel, office, hospital). Your door is closed, but suddenly you hear & feel a

huge heavy cart with bad wheels slowly rolling down the hallway. The floor vibrates. It's loud.

Constant engine run up roar. No relief all day

S Lopez, 28 Sept 2020, Mon: 11:32am Overflight, 75.6 dec.

S Lopez, 16 Sept 2020, Wed: SMOKE & JET NOISE CONTINUES - 11:35am 76.8 dec, 11:40- 11:50am Steady Roars, 1:55pm Overflights 75 - 80 dec, 2:56pm 72.3 dec.

11:39am 9/16. A HUGE rumbling roar. I felt it first, wondering what was wrong in the house. Discovered rumbling vibrating roar coming from Whidbey.

11:40am, Sept 2. Periodically this morning loud jet roaring in the sky. Right now a huge roar, the roaring is rolling around in the air. Cannot get away from it. South Lopez.

Two days in a row. Very distracting

another morning of constant flights some only seconds apart. I was up half the night because of how upset I was by yesterday's assault and now it is happening again. please help me. please stop hurting me.

S Lopez, 23 Sept 2020, Wed: GROWLER BLASTS @ 11:44 & 11:53am. Then steady roar from 12pm - 4 pm. Insanity

Fourth day of incessant noise on Marrowstone Island from the Growlers flying out of Coupeville.

Stop.

11:49am 9/11 South Lopez. ANOTHER loud jet over us.

We were out working in the yard when FCLPs at OLF started. The Navy's schedule said early afternoon not before noon! Can't finish project due to extreme noise! When is the Navy going to become that good neighbor they keep talking about?

11:51. 9/11 South Lopez. AND AGAIN. ANOTHER loud jet over us.

11:55am. Suddenly a BIG booming roar from a jet overhead. It was a long deep roar, lasted a long time.

Go away. Or use mufflers

11:56am. 9/11. Apparently we have been selected for the Navy's torture program. ANOTHER LOUD JET ROARING overhead. There is no reason for this. There are other unpopulated areas for these jets to fly.

11:59am. Sept 9. Constant jet thunder in the air. Low rumbling, like a slow coal train rumbling by a block away. Very disturbing. CONSTANT. S. Lopez.

11:59am. South Lopez. I have been annoyed by low rumbling of jet noise off and on. Distant thunder. very annoying.

My 3M earmuffs couldn't even block the noise.

12:04pm 9/11. ANOTHER LOUD JET ROARING OVER US. South Lopez.

Completely unacceptable

12:07pm. 9/11. ANOTHER LOUD ROARING JET OVERHEAD. South Lopez. This is ABUSE.

Still thundering.

Loud and disruptive, again and again , every 4 min

So much for the peace and quiet of Watmough

Just the beginning of FCLPs at OLF

12:08pm. 9/11. SHRIEKING AND SCREAMING JET OVER US. THE APPROACH SLIGHTLY DIFFERENT THAN THE OTHERS. Lower, I can't tell because of smokey skies. High pitched scream, then a long roar.

12:10 9/11. Are these jets just circling over us? ANOTHER loud roaring jet overhead. South Lopez.

12:14pm, September 9. South end of Lopez. The Navy must be running a lot of jets around just south of us because the air is full of deep-throated swooping and roaring noise. It's a noise I cannot get away from, even inside.

12:18pm. 9/4 S. Lopez. The jet roaring continues. Even with my doors and windows closed, the noise invades my home. Deep, rumbling roars.

"Wow 5 more events, 12.35, 12.40, 12.50, 1.00 , 1.05 Enormous rumblings all day

what is going on ?"

Also 12:35pm

Suddenly a HUGE ROARING JET NOISE fills our home. 12:31pm, Sept 28. Deep in thought over a data problem and I was distracted. These jets are a disruption. We think the islands are peaceful; they are not.

12:32pm, 9/15. Just heard and felt a boom of jet noise from Whidbey. So far away, but the noise comes right into my home. South Lopez.

S Lopez, 22 Sept 2020, Tue: 12:34pm - 2:12pm - SCREAMING, ROARING GROWLERS 76.6 - 89 decibels mostly overflights. Thank goodness for BOSE ear protection.

Extremely loud metallic shrieking of EA 18Gs passing over Skagt Valley Hospital/Clinics. Disturbing conversations-communication through the building. Multiple passes lasting few minutes over span of 30 min or so. Very disturbing. Mt Vernon

12:35pm. Sept 22. At the ferry landing on Lopez. A tremendous Booming roar and vibrating wave of noise. I was walking on the path above the ferry and it shook me.

"Outrageous! So loud! So life disrupting!

"Also at 12:50pm

12:43pm flyover was very, very loud"

12:40pm, Sept 22. Ferry landing. Lopez. WOW another huge wave of jet noise. Shook me.

After last night- UNable to get to sleep/rest when I needed due to continuous flights over my home in Anacortes- I am enjoying a small headache from listening to same aircraft at work in Oak Harbor. Now DISRUPTING my webex meeting. I can't hear.

Disruptively loud

Doe Bay Orcas Island Wa

Impossible to be outside even to change the water on the plants! Hunker down until its over!

12:49pm. Sept 2. LOUD jet roar in the sky. S Lopez.

12:50pm. 9/4. All morning, and now into the afternoon. Another rumbling vibrating jet roar hits us. South Lopez.

Relentless noise pollution! Forced to go indoors.

1:08pm. Sept 8. LOUD jet roaring over South Lopez. Roars echoing all around.

F*** em

F*** em x 2

Doe bay , Orcas Island Wa

1:15pm. 9/21. Loud jet roaring. Was out bike riding but was disturbed by jet roaring. Kept thinking there was a car roaring up behind me. Very distracting. Just trying to get some exercise and the jet noise was right there in my head. South Lopez.

More absurdity. So loud there can be no justification.

And another.....

"1:30pm flyover very very loud

1:47pm flyover very very loud

windows rattling

Loudness was measured inside the house with windows closed

Also noise/roar at 1:57pm (not nearly as loud at the 1:52pm noise)"

All day so far.

Extremely loud and annoying, disrupted business call.

All day long.

Flyovers

Training needs to be moved to a location at least 50 miles from civilian homes.

Terrible noise in low flyover

Can't even hear myself think, let alone anything else due to the extreme noise that accompanies the growlers. One after another flying overhead this afternoon...Argh!!!

1:54pm. 9/11. South Lopez. LOUD jet overhead. Roaring.

Low flying passes over point colville

Growlers are roaring, shaking the house, overwhelming all other sounds. The air is already unbreathable due to wildfiresmoke, and GROWLERS ARE ROARING IN OUR REGION FURTHER CONTRIBUTING TO AIR POLLUTION - UNCONSCIONABLE.

Loud rumble, quite annoying

1:56pm. 9/11. South Lopez. SCREAMING jet overhead.

15 Sept 2020, Tue, 1:56pm - 2:01pm Steady ROARING 74.6 - 80.4 dec. SMOKE, FOG and screaming jets. Despair

Stop already!!

Ah, nothing like enjoying the smoky skies of climate change hell, but wait! There's more! How about the horrible deep roar and house shaking intensity of some Growlers to add to that dystopian experience! So delightful!

So... the heat, the smoke, and the pandemic really aren't stressful enough? Now we need this? Land the plane, and use the money to help people. You're just wasting money on games.

Incessant roar, on top of covid and wildfire smoke at unhealthy levels. Please stop!

We are now at 5 minutes of rumbling with two pauses of about 10 seconds each.

2:01pm. Sept 9/ LOUD SCREAMING JET NAVY JET OVERHEAD, RIPPING THROUGH THE SKY. TOO LOUD!!!! South Lopez.

Direct flyovers Lopez

"This noise has been going on for three days non stop.

Please have some consideration for your neighbors.

It is making our pets and us nervous hearing the constant rumbling .

Thank you "

2:09pm. 9/11. Shrieking jet noise. Ear-splitting. Now roaring. Overhead, South Lopez.

Intermittent low rumble, louder than normal, and I think I can feel it through my feet on the floor.

"Start of FCLPs at OLF.

Hot, smokey, and too loud!

6:30pm. 9/1 S Lopez. Had to work all day on reports. Wish I could just sit outside and be at peace,.but the Navy is shooting off its jets now. Rumbling

roaring in the skies. Unpleasant to be outside. This is supposed to be a peaceful environment.

S Lopez, 2 Sept 2020, Wed, 6:30pm - 9:10pm: No FCLP's scheduled at Ault steady roaring which did not stop at 9:10pm. We went to North Lopez to try to sleep and get away from the hideous roar. Could still hear it.

Bring in the animals, close all the windows, find earplugs... go into bunker mode so that they can have war games in my backyard. Life disrupted!!

"Can't even hear each other speak outside.

6:30pm or so. Sept 2. South Lopez. I was outside. Huge explosive jet roar, then the screaming roar of a jet ascending toward somewhere. Very loud.

3-4 Hours solid of LOUD Rumble, from about 7-11pm. This has been going on for 8-12 days, at this decibel. And at a lesser decibel for longer.

Aggravating. When the West Coast is on FIRE, this is how we use our Navy/ Resources??

My sheep freak out every time there is a growler producing an extremely loud penetrating after burn sound. This is not healthy for humans or animals!

7:15pm. Out walking and WHHHHOMP, Big noise of jet roaring to the south. Long roar. Looooonnnnggg.

S Lopez. 7:16pm. 9/24. LOUD jet engine rumbling, like massive thunder storm in the skies. Very loud.

Very deep rumbling thunder from jet activity on Whidbey. Felt it in the floor. It walked right into our home. S. Lopez 7:18pm.

7:35pm. 9/15 South Lopez. LOUD jet roar.

Loud jet roars this evening. South Lopez.

The start of another night of fclp at olf

First of next round of FCLPs at OLF.

Starting a late night run again? This is ludicrous.

Horrible Growler noise ALL WEEK. Twelve plus hours on Monday, all Tuesday and Tuesday night, jets are not following flight paths and are far exceeding 45-minute training blocks. Impacting daily life, tourism and health of thousands in Port Townsend.

Could not carry on a conversation or hear tv until growlers passed over—for about three hours

A beautiful night outside with friends. Trying to have a conversation. Peaceful night sullied by the roar. Roar can be heard inside the house as well.

So loud my daughter and I cannot have the window open. Disrupting her ability to go to sleep.

Rediculous starting up again after 8PM. It's bad enough all day ong but all night too?

8:26pm. 9/24. SCREAMING AND ROARING jet directly overhead right now!!! The noise took over our home. This is an invasion. The Navy is an atrocious belittler of the citizens it is supposed to protect. The Roar continues. DEAFENING! Mud Bay. Lopez.

We need a break!"

Waves of jet noise is roaring into our home. Sounds like jets are doing acrobatics just south of us, but the noise travels like a wall of jet noise, invading us. South Lopez.

Doe Bay Orcas Island

o loud. Couldn't hear within our own house miles away. The facts provided by the Navy are inconsistent with actual decible readings. Why isn't anything done about this? Are the politicians afraid reporting the truth and the reports of citizens?

Please stop flying near OLF. You are not protecting us. Your poison on protecting us is recreant to any common-sense notion of protection. YOU DO NOTHING BUT DESTROY THE QUALITY OF LIVING HERE. GET A MORAL COMPASS AND ABANDON YOUR SOCIALPATHIC WAYS.

2:15pm. 9/11. South Lopez. LOUD LOUD LOUD jet overhead. Continuous parade.

Day and night... will we ever get 24 hours' break from this?

2:19pm 9/11. South Lopez. ANOTHER LOUD jet roaring overhead.

Disrupting working from home with the loud rumble.

2:27pm. 9/11. How am I supposed to concentrate on my work with these jets roaring overhead. This one sounds like it is ripping the sky apart. TOO LOUD. GO AWAY. South Lopez.

Right over LOPEZ again. We are not supposed to be on their flight path. ENOUGH

2:28pm. South Lopez. ANOTHER LOUD ROARING JET OVER SOUTH LOPEZ. LEGISLATORS: Tell me this: Could you do your work if you felt the roof of

your office just might be a landing pad for jets? I feel jet noise aimed at me today.

A beautiful fall afternoon interrupted by loud growler noise. How sad.

Disrupting working from home zoom meeting

Not as much noise but fairly low and dirty exhaust. It's hard to estimate actual altitude.

Doe Bay Orcas Island Wa

This noise disrupts working from home. Since working from home is the only option the disruptions are causing a great deal of lost time and loss of money. The need to provide for my family outweighs the need of this flight training.

terrible and terrifying. sounds like a whole fleet all over the sky.

Saw the stupid barnett editorial. Nobody is buying it. It the planes were not so loud there wouldn't be so much resistance. Impressing whom with the noise? Russians, cavemen??? Who?

Very loud, disruptive to my conversation

It's still roaring over after two minutes. Loud, disrupted activities.

"Continual very loud rumbling from 2:51 - 2:58 where the volume of rumble lessened somewhat, although still joisy

The vibration is hurting my ears and stomach "

2:54pm Almost constant today. A LOUD DEEP rumbling roar of some sort of jet engine activity at Whidbey. What are they doing, just letting the

engines run? It is annoying. It is like having a coal train slowly lumbering along in my front yard.

Doe Bay Orcas Island wa

Start FCLPs again today.

Doe Bay Orcas Island Wa

Oh my god, seriously, it's been all day. Things are oppressive enough already. All day, rumbling.

Jet noise complaint

Oh, joy! Just what I want to experience during this week of hell. Please stop!
AAAAAAGHGHGHG!

Way loud!!!

Second LOUD LOW Growler over N Lopez

3:10pm. 9/9. I was just outside and all I hear is the sky rumbling with jet noise. Really, the Navy is an awful neighbor. How can I live so far away from NASWI yet still have to listen to their noise? NAVY NOISE POLLUTION. Lopez.

At the recyclers. Very loud.

Stopped by rhodendron park this afternoon, didn't pay attention to the OLF schedule, the noise was so loud we ran for the car. Ouch!

3:15pm. 9/11 South Lopez. TWO MORE Jets, one after the other, over us. LOUD!

3:21pm 9/28. You saved money & purchased a room on a fine ocean liner for a lifetime cruise. First night you realize you are going to spend 10 days

trying to sleep next to the engine room. That is what it is like on Lopez. Constant Thunder. Like NOW.

My god, enough with the rumbling already. Just an undifferentiated growl in the sky, over and over and over again. This used to be a peaceful place. You people lied to get your stupid plane; it'll come back to haunt you.

rumble and vibration this afternoon after last evening and more planes as I am writing this.

From 3:30 on the noise was unbearably loud. Doing yard work felt as though we were under attack. Living close to the national park should be peaceful, not warful.

Very loud and disrupted activities. Strange, or maybe new flight pattern on path 32 - heading for transit center and Parker road before turning left, which required afterburners.

"Extremely loud. Frightening the animals and cause them to run in distress. Unacceptable.

Sometimes the tree tops sway so it makes me wonder about safety.

What can one say? More jet noise at a volume that is unacceptable. How anyone can justify this is beyond reason.

Incredibly loud. So harmful. Simply inexcusable.

Same pattern as the one 5 minutes before.

The noise is disturbing the peace inside my home.

Absurdly loud! How can you?

Very loud jet over Mud Bay, Lopez. High pitched roar.

3:54pm When I can hear a jet loud and clear in my own home, with doors & windows shut, & the TV on, and when that roaring noise goes on & on, I know it is a Navy jet. Commercial jets or local planes do not make that much noise. TOO LOUD! S. Lopez.

Obscenely loud. Appears to have been done purposely and not required for training.

"FCLPs at OLF

Extremely loud over our house once again."

FCLP is hellish over Central Whidbey

Noise for days on end. Sometimes as today a low wall piercing rumble that can't be escaped even in a building with windows closed. Other times more of a screaming noise that disrupts sleep and other activities. The last couple weeks have been hell.

"working in my garden and had to wear hearing protection outside

very exhausting as it went on for an hour and even with ear muffs it was LOUD!

Super stupidly loud and harmful. Shame on you.

Have you no conscience?

Low-frequency Sound wave energy rumbles my house.

Two growlers passing over head within ,three seconds of each other starting next round of FCLPs at OLF

This harmful noise is unnecessary. How can anyone justify it when there are alternative?

4:23pm. Sept 21. Jet noise in the skies. A constant machine like roaring. Headache. South end of Lopez.

I have a headache now...

It's now 6:55pm and the jet noise has been ongoing since the 4o'clock hour. Disruptive and annoying.

I have to work outside in my yard as a counselor because of COVID... our session was interrupted, interfered with by plane flights which lead to increased heart rate, adrenaline and perpetuate trauma . I cannot protect vulnerable clients from this.

Earsplitting (dangerously loud) noise noted coming out of the dentist in Mt Vernon as 2 Growlers flew over in tandem- on their way to the home of far too many for one place. NAS Whidbey. Stop civilialian harm. Send them where people don't live.

S Lopez, 10 Sept 2020, 4:32pm: Overflight 89.3 dec in house. 98.6 dec. outside. Unreal, heavy smoke, screaming jets - A WAR ZONE! And then they did it again at 4:43pm. Add Covid to the mix - total insanity . . . Navy as enemy.

4:32pm 9/32. We have jets roaring up there near us. Lots of noise in the skies coming right into my home. South Lopez.

4:34pm. 9/11. AN INCREDIBLY LOUD JET ROAR IN THE SKIES, AS IF THE SKIES ARE BREAKING OPEN. Don't pilots know what altitude to fly so as not to cause deafening noise on the ground? Don't they know anything that helps the humans? Do they care?

I'm inside and still have to plug my ears. This is getting ridiculous..there must be some compromise or solution..These jets are just too loud

Constant noise for a couple of hours, disrupting my ability to talk to clients as I attempt to work at home, and creating agitation and upset in my child trying to play outdoors.

4:45pm. 9/11 South Lopez. LOUD JET ROAR.

Third LOUD LOW GRowler

This is the third fly over this afternoon. Very disruptive

Is it the same jet flying over again?

So loud we can't even have a conversation inside our home when these aircraft are flying and there's one flight after another. Extremely disturbing!

Ridiculously loud! Stop! Stop! You should be ashamed of the harm you're causing!

Go away!

How can you not care about the fact that covid, and now wildfire smoke (not to mention the insanity of politics) is stressing people and making them very anxious and upset. On top of all off that you have to do war training over civilian areas?

This was ridiculously loud. No need for this.

Walked out my door in the Village only to be blasted by a Growler overhead.

So freakin loud its not even interesting, just sad

"Walked back inside, starting to do dishes, when I thought the windows were going to shatter from the loud blast inside my home!!! What an absurd and obscene thing to do to one's citizens.

HUGE Roar overhead from some military jet. This was NOT a commercial jet. Over Costco. Startled us. 5:40pm or so on Sept 22.

5:45pm or so. Outside. HUGE jet roar from Whidbey. South Lopez.

2 very loud semi low flying growlers. Stopped conversations and waited for them to pass. This has happened often at this location in the past. This is a public place with many out door activities such as restaurants, farmers markets, library....

Though not nearly as loud as it gets here- IMPOSSIBLE to hear much of the Zoom call with the rest of my group in Mt Vernon- from our Oak Harbor office. Medical clinic in Oak Harbor.

The rumbling and vibration went on for at least 6 hours without stop. It is ruining Camano Island.

Absurd! Stop!

Please!!

Terrible Noise! Can't eat dinner! Too noisy! How could you be okay disrupting sleep and meals and family and friends trying to cope with all the crisis?

Doe Bay Orcas Island Wa

Insanely loud! Knock it off! Now!

P-8. Reasonably quiet, but still right overhead.

Starting again at 8.45, then 9.10, then 9.25, then 9.35 Can't sleep the noise is not just a sound but also a vibration through my house ! They have to stop this !

Jet noise

Low and right over the housetops!!

Two flyovers within seconds of each other. Now starting FCLPs at OLF.

Starting this at bedtime? A terrible neighbor you are.

"Start of FCLPs at OLF.

Another night of extreme jet noise over our house."

Sept 8. Roaring jet noise in the skies this evening.

Very very loud tonight not sleeping again because of the jet noise

First of next FCLPs at OLF

Loud rumbling that permeates the entire house. Started at 8pm and will go through at least midnight. 4th night in a row no sleep due to the jets. This is not Freedom.

Jet noise,

AFTER A DAY OF SMOKE ALERTS, YOU HAVE TO FLY NOW WHY??? PEOPLE'S STRESS RESPONSE IS ALREADY ON RED ALERT FROM THE SMOKE. YOU ARE INHUMANE.

Audible at the dinner table, windows closed, music on. Ongoing, at this Noise is almost unbearable no sleep for 3 nights this week noise 24/7 can't they move these jets further one. Generator over my window every night.

3rd time this week woken up by these war sounds

I'm woken up almost every early morning around 3 AM by these 47thousand dollar a flight misdirected bombardments to freedom.

I'm woken up almost every early morning around 3 AM by these 47thousand dollar a flight misdirected bombardments to freedom.

"I FEEL LIKE I'M IN A WAR ZONE!!!

Multiple GROWLERS flying over my home at dinner time no less! This is f'king ridiculous....."

Couldn't hear the presidential debate on TV

I just put the kids to bed! Please leave us alone. This is poor behavior.

Unbelievable long roar.....drowned out tv and ability to speak INSIDE...ran outside to see if I could see what it was....MUCH louder longer than any growler type sound I have ever heard.

Unable to watch TV

"Extremely loud.

They are circling over my house and it hurts the ears inside the house.

They could be at this for hours"

The noise makes it hard to do virtual meetings.

S Lopez, 29 OCT 20, Thur: Another long day of trying to stay sane in the midst of endless noise. 8:47am - 11pm we endured 14 hours of noise with a few breaks. NOISE LIKE THIS IS A WEAPON AND IT'S AIMED AT US. We need help to save our homes.

Startled dogs and horses, they were outside of their designated practice zones.

Please, I am begging you to stop the noise from these jets. It is frightening to my family and animals. Three little girls at my house started crying

today., they were so scared. Please take your practice and go somewhere else.

One after another SCREAMING JETS so LOUD I can't hear the Presidential Debate!!!

We got about 12 hours of no growler noise. Last night the flights continued well after dark. Jet noise started 8:45 this morning.

"8:49am Oct 29. S Lopez. Skies are roaring with jet noise, rumbling from Whidbey.

Several other jet noises around this time

Noise blasts rattled furniture in house
rattled windows

S Lopez, 27Oct20, Tue: 9:07am - 10:43am RUMBLING & ROARING - Rattling the windows- Living 12 miles from Ault gives us zero protection from the noise or the cancerous exhaust that flows across Rosario Straights.

9:10am. 10/27. In an enclosed room in my home, no outside windows or doors, I am suddenly shaken by a thunderous roar, rumble and vibration that throbs and throbs and throbs. Like bombs going off, like a rolling earthquake. Navy jet engines. S Lopez.

point, nearly 20 minutes.

8:57pm, Sept 1. NOISY skies. Can't have the windows open even though the cool air is needed...just too much jet noise. It's LATE!!!!

FCLP starting again at OLF

This has been going on for 20 minutes.

Loud, agitating, can't sleep

Too loud too late!

Unable to sleep despite closed windows and ear plugs

So loud I can not sleep for the third night in a row. How are people supposed to get up and work with no sleep and they fly during the day. It's like a war zone.

It has been a very long day of unending noise--tonight it is particularly disturbing!

Thanks for ruining my picnic!

Loud low rumbles late night to the point I can not sleep again. This is the third week in a row they are flying every night of the week.

Flying directly over the house. Have daughter visiting and can't even have a conversation INSIDE our own home. Is this legal to do to people?

No rest for the weary- sinister, sickeningly loud warplanes, one after another shredding Anacortes skies. I would hate this if I did not need rest to work- but I do and I am clearly not going to get it for now.

"As if all the smoke and wind was not hard enough for people now the night has to be filled with extreme noise pollution!

Low, annoying rumble INSIDE the house. A disruptive loud noise outside the house.

Trying to sleep! Way too loud. Very disruptive. You

9:13pm. It's dark so I can't see it, but a VERY LOUD jet is passing over my home this evening. I could hear it coming, and as it is apparently moving away I can still hear it. LOUD!

Unable to hear television due to aircraft noise

9:15pm. Sept 2. ROARING jet noise!!!! It's NIGHT TIME. Time to sleep!!!!

If training this late at night is required then it needs to be moved to where there is no civilian development.

Likely growlers, loud enough to disturb sleep with windows closed

Too loud too late.

This is getting ridiculous. How much longer is the peace and quiet INSIDE OUR HOUSES going to be destroyed by these flights????

Late too. Get real!

9:24am 9/24. Well, it seems like it is the pattern this morning. The Navy is pounding Anacortes. Just had another jet over us. This time it sounded like the sky was ripping apart. So loud! So threatening.

S Lopez, 7 Sept, Mon, 9:25pm - 11pm - 70.8 dec - 80.3 dec inside. We are engulfed in smoke from Calif fires. Growlers are spewing 12.5 metric tonnes of CO2 / per Growler into our air every hour. Navy doesn't care about what we breathe.

Some awful deep rumbling thunder palpable in the south side of my home in Anacortes- all the way up here can tell Coupeville is being pummeled.

9:30 pm. Navy violence on a civilian landscape...

TOO LOUD, TOO LATE IN THE EVENING

9:30pm. Sept 2. The ROARING continues from Whidbey. What are they doing? revving up EVERY JET???

"9:30 PM Growlers? After an all afternoon assault? Give us a break!

One after another shrieking, sky shredding warplanes torturing the landscape after 9:30 pm. This is abuse fit for an enemy. We are not the enemy.

Constant noise day and night.

Trying to sleep but the noise was really loud.

Ridiculous! At this hour? What the heck!

"20 minutes to 10PM! Trying to sleep. How can you do this?

Noise is continuous and loud enough to disturb normal activity, even with windows closed.

Constant rumbling and vibrations off and on throughout the day and night for the last 2 weeks.

Horrid jet noise destroying our lovely South Island peacefulness. Despicable.

I could hear jets with my windows closed and stereo playing.

OMG, just as it quieted down for a bit you are starting it again???? It's 10:45 PM. Why don't you just let us know what time we can bother going to bed without disturbance. It's louder than earlier this evening!

overhead growler was disturbingly loud. It flew right over the house. It is now 10:15 pm and the growlers are still flying and very loud. We can hardly carry on a conversation. Please fly these noisy planes somewhere else.

One after another- metallic shrieking, ear splitting thunder, over 90 dB inside, 9:45 pm, no way to sleep. This is treatment fit for an enemy. We are not the enemy. Anacortes

Extra loud tonight. Sounds like they are going to take the roof off.

Love the sound of the Navy. Please tell them to keep it up. Love the sound of freedom. Hit the afterburners!

Here we go again. The start of a new session of FCLPs at OLF.

Very loud, and all day long!

House-shaking vibration coming from the direction of Oak Harbor.

9:54pm. Sept 2. TREMENDOUS JET ROAR FROM NASWI. Are we going to be allowed to sleep? The Navy doesn't care.

ALL EVENING, BUT I ONLY WORK DURING THE DAY!

This is insane ! I'm visiting whidbey island And renting a vacation rental and I will never ever Come back here due to the jet noise. I am not a noise sensitive person nor do I have PTSD and even so it is utterly intolerable. Shame on the US navy

The disrupted activity is SLEEP! Growlers are ridiculously loud over a populated area

Good grief, I've been waiting for the noise to stop for over an hour now. I have to get some sleep. Constant rolling rumble like thunder. It's raising my stress level when I need to relax and go to bed.

9:59pm. Sept 2. South Lopez. The skies are ROARING with jet noise. Just endured another BLAST, as if the world is exploding. LEGISLATORS: you are enabling the Navy to abuse this region with your silence.

jets flying past 10 pm -- no regard or respect for residents who need quiet for sleep!!

not the worst it's been, but my head still hurts. You will be hearing from me again when it is the worst. Port Townsend may be 10 miles from the field, but there is no buffer when living near shore. According to the Navy water amplifies the noise.

Loud prolonged rubble disrupted sleep.

The noise went on from 10 pm for a solid hour. Impossible to sleep with the constant noise. I have never heard it go on continuously for so long.

Disrupted my sleep.

It's late, it's hot, it's smokey from forest fires. 3 planes are circling for awhile. They are loud, rumbling and non stop. We can't sit inside and open windows, we can't sit outside. We can't sleep. Why are you adding to the pollution. Go away.

S Lopez, 10 Aug 2020, Mon: 10:00pm - 10:23pm Extremely loud Growlers woke us up. It's a summer night, windows open. Everything is shaking in the house. Noise easily 76 + decibels.

Is this ever going to stop?

Likely navy growlers, I suppose.

The noise is non-stop and unrelenting. It prevents sleep and interrupts conversation in my own yard. It disrupts peace and well being.

"FCLPs still going at OLF

This has been non-stop for over an hour"

10:04pm. Sept 2. THIS IS WHEN PEOPLE SLEEP AND THIS IS WHEN THE NAVY IS BLASTING US WITH JET ROARS. South Lopez.

some fine young service person just flew WAY off course ... is that retribution for my complaint? we need peace for our children and our grandchildren ... why not fight for true peace instead of war?

"We'd like to be able to sleep without hearing this noise INSIDE our well insulated house!

10:07pm. Sept 9. The JET NOISE IS ROARING IN THE SKIES. IT IS TOO NOISY TO SLEEP! South end. Lopez.

10:08pm. Sept 2. South Lopez. The bombing continues. The blasts from whatever they are doing with their jets is continuous. This interferes with sleep.

This has been going on much too long and much too loud. I should not have to hear this inside my well-insulated house.

Extreme levels of noise going on for days and days, for hours and hours. Going well past noise ordinance time parameters, keeping kids awake on school nights and parents awake when we need to get to work early in the morning.

So loud we could not sleep. Also various times during the day.

10:11pm. Sept 2. S Lopez. A night of jet noise ABUSE. I am shutting all doors and windows on this night, and will have to wear headphones if I want to get to sleep. This is how we live on Lopez when the Navy is at war with us. Ridiculous.

Insanity!

FCLPs still going on at OLF

It has been an unbearable day...does it never end

The growlers made it impossible to sleep last night. I slept poorly all night after that rough start. Here they are again tonight at 9:15 PM. This is the fifth night in a row I will have trouble getting to sleep with their incessant rolling noise.

F*** this shit

10:19 PM!!!!!!!!!!!!!!!!!!!!!!

"FCLPs still going on at OLF.

Too loud to sleep, read, watch TV.

My nerves are shot. Enough is enough this week which is the third week, and we will have more of the same next week."

"This has been going on much too long. It needs to be stopped so people can sleep.

Isn't this supposed to stop at 10pm? This is really outrageous.

"Hi

It's 1030 at night and there still a lot of noise outside.

What time do you stop flying?

Thank you

So loud on Marrowstone Island for the past two nights we have had to close our windows and doors in order to sleep. And then it is too hot to sleep.

"Unbelievable....just simply unbelievable

It is obvious when the EMF tech is being used and when it's not. Right now it is ON. Though the noise decibels are not high here in Port Townsend, my ears are buzzing and soon it will be my brain, and then I cannot function.

PLEASE STOP HARMING US

"Went to bed around 10 p.m., took hearing aids out, tried to sleep, engines roaring and rumbling overhead. Sound would come, then fade, then come again,...

WWIII, Apocalypse Now, ""what has Trump done now""?

SOS: Please stop it."

"FCLPs still going at OLF.

David S

Too loud to sleep. Too hot with windows closed. Argh!"

Terrifying when two jets cross paths over our house. And having two jets going over at the same time increased the table and roar. So much for the Navy being a good neighbor.

Considering the massive air pollution and the huge amounts of smoke in the air, to have the growlers flying this late at night at a time like this is really an insult to the community tonight.

Likely growlers, loud enough to disturb sleep with windows closed.

10:38pm. Sept 9. Very loud jet over Mud Bay, Lopez.

Noise has been constant for over an hour. It is well past normal civilian quiet hours.

Disrupting my ability to sleep!- night after night! Stressful and unhealthy for citizens of this country. And this during a pandemic?!

Enough, already! This has got to stop. Commercial airline pilots and astronauts use sophisticated flight simulators - so can jet pilots. It would save millions of dollars and our peace and quiet. If that isn't feasible, then move base to Kansas!

The jets are flying over and near my home and at times I am unable to hear the television. For the last hour it has sounded like constant rumbling thunder, with the occasional nerve rattling flyover.

FCLPs still going on. The roar is so loud. We would love to open our windows and go to bed. Just too much! Too loud!

It's much too late for this still to be going on. How can anyone sleep????

This late night noise that seems to be becoming a regular occurrence is interfering with enjoyment of the evening, and now sleep.

From around 9:00 to after 11:00 PM, I could hear the constant roar of airplanes over my TV. When I was going to sleep at 11, they were still going. Extremely loud. I don't live next to an airfield and don't expect to be disturbed like this.

Too noisy to get to sleep causing health related problems cause by Growler induced noise sleep disturbances the the Navy should pay for.

Sounded like a growler but not as low as when doing FCLP

low level of EMF's - not as bad as it is sometimes, but still not healthy. effects mental clarity, mental function.

It's time to sleep for people that live here. And the heat engines run up still going on...

Ridiculous!!! Really?!? We were outside doing chores, plane fly much too low, spooked the animals, so loud we couldn't talk to each other!!

Too loud for comfort. Have to retreat to a back room to listen to podcasts.

" Disrupted a ZOOM meeting this evening 6 to 7pm.

Disrupted a meditation walk 10:30 to 11:30 am.

It's pretty awful."

This new pattern 14 is HORRIFIC, especially for those of us who endure pattern 32 on a regular basis. In our well insulated home, we can not even hear the movie we are trying to watch while socially distancing due to covid 19.

VAQ-129 ops needs to reload their mission cards because the map waypoints have them way outside the approved pattern.

F*** em

All kinds of bull shit flyovers tonight. F*** em!

Doe Bay Orcas Island

Rumble lasted for a few minutes.

Shocked from an early sleep by close overflight in Anacortes- peaked 78db inside, over 70db for 30+ sec and over 60 sec over 60db. Nothing like the Prowler days. That was a navy lie- orders of magnitude worse.

Went on for about five solid minutes.

Sounded different this time, super long approach and pass. Timed it and it was 2 solid minutes of loud jet noise while it flew overhead and away. No big deal at 2130... F*** em

Disrupted live remote work session because of the loudness.

Many loud flights late evening.

Deception Pass State Park- kayak class disrupted for 5 min by very loud jet noise/thunder ripping through the skies. Saturday morning.

Tinny metallic roaring as only the growlers do- minimally (for a growler) hurting the ears for 20 sec at a time, at work this morning in Oak Harbor. Makes work difficult and unpleasant.

After being woken from sleep 3 times last night by nearby navy growlers in Anacortes- they are testing our patients trying to care for patients this morning in Oak Harbor- shredding the skies with aircraft after aircraft.

Can't hear during work from home meeting.

Heavy, loud and repetitive flights. Disrupting communication with customers on phones.

The peace of a long awaited day off is already wrecked by ruinous sounds of Growlers treating western Washington as a giant private military reserve. Anacortes, near ferry terminal. 10:15am. Thank goodness I am leaving to home to go camping.

Decatur Island

The map is not working."

Decatur Island

"Outrageously loud! Unbelievable!

"Startling and stressing us and the animals. It's insane!

people who fly growlers over my bedroom should be killed F*** everyone who reads this you are all complicit evil monsters who get off on torture and you never help

All day yesterday until 11:00 PM and all day today - every 15 - 20 minutes!!!
Stop the jets over Camano.

Been flying all morning different jets. This time a pattern of 3 just flew over. No one could hear our customers on the phone. We had to stop conversations.

Loud ass airplanes!

Decatur Island 98221

Pamela and James

The map function is not working."

11:20am. Anacortes Cap Sante Park. Oct 20. After two roaring jets 10 minutes ago, here is another. Again heading northwest-ish. So loud it hurts. That's it. Leaving the park. Walking in Anacortes is dangerous.

Knock it off

11:30am 10/ 20 Anacortes. At Walgreen's, excessive jet roar over us. This is 3rd incident of excruciating noise during our visit in Anacortes. How can people live here? Last year stayed in B&B in Anacortes, tortured by noisy jets in the late night.

The sound of war disrupting a peaceful walk.

These noise assaults are extremely difficult to endure for those best able to cope. For many many adults, for children, and for the environment, it's simply an unfair fight.

Punishingly loud and pathetically disturbing. Humans doing this to humans?

"Ridiculously loud and stupidly unnecessary. Such destruction carried out by those tasked with protecting.

All morning. A parade of harmful flights. Over the skagit valley.
Unforgivable.

The Navy's destruction of our environments is wholly unnecessary.

how many more times will it happen today

Husband had lung cancer surgery on Monday. Home now trying to rest and recuperate. Impossible as windows rattle and walls shake. Just the start of FCLPs at OLF.

Utter non-sense

Beyond the usual episodic disturbing bouts of noise- today we have had a few nearby flyovers becoming extremely loud inside our medical clinic- well over 80db, impossible to hear one another or our patients. Horrible place.
Oak Harbor

Rocketing madness across the sky and projected everywhere, up down and all around!

Ridiculous!

Impossible to work outside Tuesday and Wednesday. Even inside it was very frustrating.

Start of FCLPs at OLF

I went to close the window but it was already closed. No one should have to live under these things. Flying right over the house, just above the tree tops. Where is the noise monitoring?

Stop!

Severe jet noise. Loudest I have heard in this area. Repeated

Stop!

Start of afternoon FCLPs at OLF. Time to move inside and close all the windows and hunker down.

Way to west of mapped flight path. Very low very loud directly over our house.

just drop bombs on anacortes and get it over with you strafe it every day like you want to nobody deserves to be tortured like i do every day and night i never recover from the noise it is always echoing inside me

Noise pollution from EA-18 G FCLP has caused us to suspend outdoor activity.

Repeated loud rumbling all afternoon

Next session of fclp at olf started. Way too loud. Finally some sunshine and we can't be out to enjoy it. Also, very stressful to my husband trying to rest and recuperate after surgery.

Oct 21, 1:58pm. At the Anacortes Ferry. LOUD Navy jet. Trying to sleep in the car and WHOOOOOM, Loud and persistent jet noise.

The exact sound of F-18s circling at a distance, rumbling constant waxing and waning thunder heard over about 30 minutes disturbing the peace of Rainbow Falls State Park- west of Chehalis. A Friday afternoon.

Doe Bay Orcas Island

All day noise at a sickening level again here in the beautiful Skagit Valley. So many beautiful places are now toxic dumps for the Navy and it's growlers.

2:23pm, Oct 21. Anacortes Ferry Dock. Just fell asleep again in the car while waiting for the ferry and woken again by loud jet roaring overhead.

Having to suspend outdoor activity.

An agonizingly slow tearing open of the sky, spilling large toxic sound over an area inconceivably expansive.

More FCLPs at OLF

Flying a pattern that does not go right over our house but does fill the sky with roars and rumbles. When they head back to NAS often they will fly right over head. You can never tell when it is safe to be out.

Shame on the Navy for dumping its toxic waste on everyone and everything. Yes, there is another way. Have the courage.

How can anyone associated with the decision to not move the growlers elsewhere live with the damage they're causing the people and the environment they claim to protect?

2:56pm. Oct 21. Still at the Anacortes Ferry Dock and here's ANOTHER roaring jet overhead. How can people live here in Anacortes? The jet noise is horrible!

3pm, Anacortes. Oct 21. Very loud Navy jet roaring overhead. Glad to be leaving Anacortes!

Too loud to be excused in any way.

Here in the beautiful Skagit Valley, since July, every day of the week, all day. Never on the weekends. This weekend, Saturday and now Sunday. Give us a break!

On beautiful walk through forest disrupted by jet roar

"For those of you who read these comments, we over here in the Skagit Valley have been hammered all day. The flights picked up to a much higher level in July and never ceased.

Please do something about this destruction and harm. Please."

Extremely loud jet noise, not commercial, heard for 2 days while hiking the Blue Glacier trail to Mt Olympus, deep within Olympic National Park boundary. Is there no where left in WA state to get away from military jet noise? A travesty.

Numerous overflights of my house in afternoon and into the evening. Also flew in front of house that were very loud and disruptive. Even my sound cancelling headphones were not enough to drown out the noise.

Starting again. My poor husband. He needs rest and that is impossible with growlers flying overhead.

"Navy notification said fclp were flying night! This is not night!

So hard to plan life when they keep ignoring their posted schedule.

We plan our outside time around that schedule. So frustrating."

Why is FCLP happening at OLF? Your schedule states NIGHT. What good is a schedule if you don't stick to it? We need to plan our lives around avoiding the toxic noise, which is incompatible with normal activities of daily living.

Too loud. Too bad this insanity is excused.

After full day of interruptions from horrible growler noise in clinic in Oak Harbor, only advantage is doing add on/emergency surgery cases in Mt Vernon this evening is maybe it will be Quiet when I get home to Anacortes- probably close to midnight.

We were walking our dogs by the Quillayute airport and suddenly there was a shattering sonic boom. We were all shocked to the magnitude of it. The dogs were terrified and trying to run off. Hopefully this doesn't happen again. Thank you. Sue

Two little ones followed by a big one, right over my house. (I wouldn't care about the occasional flyover like this, except because the growlers violate our peace, I will complain about all military craft that I can hear. Ever. Until it stops.)

Extremely loud even inside the house. Well-insulated house.

3 jets flying over our house. We are in the no fly zone.

"You should be ashamed of yourselves for doing this much harm to your fellow americans, and their homes and their environment, and their way of life.

How can you do so much harm to others and so much damage in so many ways?

"The sound in the sky and all around is the equivalent to dumping toxic waste into a pristine stream. You're just harming your fellow human beings unnecessarily.

This has been going on sporadically all day. PLEASE STOP!

Extremely loud and disruptive. It's stressful enough in the world. Who needs this amount of activity from the Growlers? There are better places in this huge land of ours to fly and not bother people, animals, life!!! Go away.

every time i hear a growler i feel like my head is being scraped out, my chest is being stomped on, and my intestines ripped to shreds. it is the sound of pure evil. only monsters would torture me like this week after week year after year. help me.

Beautiful sunset. Horrible noise.

Please stop!!!!!!!!!!!!

my daily life proves nobody has any regard for human life. rick larson is a warmongering scumbag proud to sign off on endless military buildup in this state and every other politician is just as scummy. i hope your children suffer as i have and do.

Too loud to listen or talk.

"Intermittent disturbance of thoughts, conversations, ability to care for patients all day in OH medical clinic. Just now disturbed zoom meeting with my colleagues in Mt Vernon.

Oak Harbor is a terrible place to try to work if not a jet pilot."

Cant hear tv over jets flying for 2 nights now. Noise rumbles for several minutes. They should not be flying over the olympics or over Sequim!!!

"Awful ringing, metallic, thought disrupting, anxiety provoking, sinister sounds of multiple EA18-G aircraft. A plague on this part of the world.

Can hear it, can feel it, sometimes need to plug ears to protect hearing. Oak Harbor early evening."

No more jets!

Too loud by far!!!!

five times today i was tortured out here even on saturdays navy scum make sure i never relax or feel safe anywhere indoors or out you are the most evil people on this planet i never did anything to deserve being tortured day and night eleven years

Flying low over residential area.

F*** em

Engine run up Ault and flyovers

Obnoxious

I am taking an online class. Can't hear! Can't think! So frustrating!

Another night of extremely loud FCLPs at OLF

I have paid for an online music class. Argh! Can't hear teacher. Just the start of more fclp at OLF.

Intermittent up to very loud racket from navy Warcraft- ongoing and despoiling the peace and the night in Anacortes- evening.

Terrible, sinister thunder, deeply shaking, vibrating the south of my home in Anacortes. Very disquieting and anxiety provoking, This causes release of Cortisol- a stress hormone associated with cardiovascular illness when present over time.

Heading to my car from Skagit Valley Hospital- needed to cover my ears in the parking lot with overflight of several Growlers- tearing the night sky apart. 7:15pm Mt Vernon

Extreme loud rumble

Flights are a serious impact on quality of life.

Loud enough to disturb inside our closed house

Disruptive. Entirely unnecessary

Constant rumble now

Again late evening and so loud that kids are having trouble with homework. They seem to be flying lower than allowed. Couldn't sleep last night and will be the same today unfortunately.

Such a lovely evening in Anacortes- except for this incredible noise that sounds intermittently like the sky is tearing apart, or the world is ending somewhere to the south of my home. Navy wrecking our peace. Anacortes before 8pm-?

Gettin multiple jet passes and jet liner passes tonight. F*** em both

Endlessly disruptive

Endlessly noisy

Walking from hospital to clinics outside in the afternoon- heard deep, loud sounds like explosions from the South. If I did not know that to be navy Growlers with afterburners banking and turning- I would assume something awful. Mt Vernon

Unbearable loud circling. Raising my blood pressure and causing my daughter ear pain. STOP PLEASE"

Disrupting sleep attempt

The usual horrible deep thunder coming from the south, can feel it in the bones. 7pm. Anacortes. This constant abuse does not belong in populated civilian areas.

WHY are these war machines allowed to disrupt our lives?

Kids aren't able to do homework because of the extremely loud noise that is also shaking the house.

Less noise than usual but still loud inside house.

Carrier landing practice over Coupeville was painful. Ears still ringing.

Disrupted indoor activities

So loud and obnoxious. We are not supposed to live in the flight path.

Leaving work late in Mt Vernon- can hear awful rumbling thunder- sinister sounds echoing from the West- From Whidbey with Growlers poisoning the night sky, audible all the way over in Mt Vernon 8:30pm

"Continuing FCLPs at OLF

Can't hear television or music.

Too loud for conversation.

Constant loud rumble. Will not be able to sleep until they are done. Usually 11pm- 2am. Hard to work with little to no sleep.

FCLP over Ault Field is creating noise pollution here in Coupeville. Loud and 8:14pm, Oct 27. South Lopez. Very loud jet roaring overhead. A long roar. Dark, so I can't see it. But it is louder than the TV.

The jet disturbed important phone conversation w another person. There were 2 flights over my house at 8:15 pm and 8:23 pm. Also called NASWI Noise Complaint Desk and left vm about the noise pollution.

8:17pm. Oct 29. South Lopez. Loud screaming jet overhead, then a long roar as if it was turning and heading another direction. Very Very LOUD.

Sleep? Not allowed to us. We aren't the enemy. Why are we treated to this harsh noise. There are many remote locations where the Navy can conduct its missions that do not so negatively impact many taxpayers and patriots.

"Extremely loud. Ear plugs, Advil PM, windows closed, pillow over my head - this is how I will approach going to bed. Hearing jet noise again at 8:26pm.

ANOTHER LOUD JET overhead tonight. GO AWAY!!!!!! It's late!

8:30pm. Oct 29. Loud jet roaring. Annoying and Disturbing. South Lopez.

8:32pm. Oct 29. S. Lopez. I am getting very tired of this. Loud jet again overhead. What are we, the landing pad for the Navy? It's late, time to relax....not listen to jets landing. GO AWAY!!!!!!

8:55pm. A distinct jet roar, just as we are closing up and getting ready to sleep. So when we hear this, our anxiety rises. Is this a signal of night-time jet noise? Will we really be able to get to sleep and/or not be awakened by more jet noise?

unbelievable disruption of violent sound!

8:56pm. Jet roaring over South Lopez.

Noise going on all night

9:32pm. Oct 29. WHY DO YOU HAVE TO RUN GROWLERS AT NIGHT? Is there NO PEACE? You abuse us by day and by night. What's the purpose?

To waste more money? To have something to do to justify your existence? LOUD JET RUMBLING RIGHT NOW. S. Lopez.

It's time for families to sleep and the engine run up blasts are shattering

10:01pm Oct 8 I was rudely awakened by what I thought was an earthquake. I looked at my alarm clock, the rumbling went on, and on. Deep, threatening. Should I get up & out? Nothing was moving just vibrating. Then realized it was Growler engine run up.

Horrible, earth shaking noise descends over our home on Pavey Hill from Growler practices. All concentration is lost, we are in a war zone. I know the Navy thinks it's for our protection, but the Growler practice over our heads is unbearable.

10:05pm, Oct 8. AGAIN. Deep percussive threatening rolling LOUD vibrating roar from NASWI. The first one at 10:01 woke me. Now I am awake & I am MAD. What business does the Navy have to make this kind of disruptive noise at any time! Get out, Navy!

S Lopez, 8 Oct 20, Thur: 10:06pm - 72.6 d, 10:10pm - 68.4d, 10:12pm - 64.8d - no sleep - noise continues until 11:30pm with a final BLAST at 11:45pm. The insanity of subjecting homes to this is torture.

"Many, many jet noises around this time

Really loud"

Shaking entire house. Rattling windows. Very disturbing.

stressful.

"At this hour? What would it take for you, the Navy, to begin to understand the harm you're causing unnecessarily and necessary reaction by communities to protect themselves from you.

Burlington. An incredibly LOUD jet just roared overhead. 8:44pm. This was not an ordinary jet. Military jet. It is still roaring. Disturbing. The noise covered over the TV.

shaking the house at 8:45 pm. no where to turn for relief. multiple flights too low to be safe.

Two Growlers just went over while I was walking a dog. It scared me as well as the dog which ran back in the house. These must have reached at least 110 decibels. They were insanely loud and bad on any living things hearing. Please QUIT!!!!!!!!!!!!!!

Loud constant rumble. Disturbing sleep

STOP flying over us. It's ridiculous.

Stop! You're hurting us!

Severe rumbling, can't sleep

9pm? What the.....

Almost 9 lastnight we were sitting on our porch, and whatever went over was so low and loud it put me into a seizure. I dont know how long it was overhead but it was at peast a few minutes. Felt like it was coming down on us.

Trying to sleep. Awful disruption

Painfully loud right over the house. Daughter is studying remotely and can't even think, it is so loud in the house. Please stop! How is this legal to inflict this stressful noise?

The noise was not in 45 minute intervals it went on for hours. It was a beautiful sunset and then the rest of the evening was jet noise permeating ever moment.

Hell in the sky and all around. Such a waste of life.

F*** em

Home from a long day of work after 9pm to what? The sounds of warcraft tearing up the sky- just what anyone needs to recover and get up early to head to the hospital again. Stress > Cortisol > chronic illness: heart disease etc... Anacortes

Can't sleep for all the noise

It's so difficult to not be rude toward the navy for being responsible for this.

Awful deep rumbling/vibrating thunder shaking the back of my home at 9:15 at night- disturbing deep into the bones. Sounds like things explosions to the south- terrible for local civilian health long term. Anacortes near the ferry terminal

F.U.C.K the jets

Really load and obnoxious noise coming from the planes flying just a cross the water from my house.

Carrier landing practice is making normal activity inside our home impossible. Noise pollution ongoing for the past 2 hours.

Continuing FCLPs at OLF

Loud enough to disturb me inside my home with all windows closed.

Absurdly loud AND late!!!!!!!!!!!!!!

Jets flying over our house last night woke our 9-year old son, frightening and disorienting him, and continued for at least 20 minutes, making it impossible to fall asleep.

Skagit buildings shaking!

Unbelievable ! This late???

Quite loud jet noise woke up the kids. They wouldn't stop crying and my wife and I had to go to work early the next day. Extremely unacceptable!!!

11:40 at night- yes nearly midnight and it sounds like the world is exploding from the South. Navy torturing western Washington heard from Anacortes. How is this possibly ok?

Said no flight practice until the 16th on Navy flight schedule. Repeated flights late at night.

Now the navy growlers- metallic, ringing roaring, waxing waning is disrupting my ability to hear the WA governors debate, after the VP debate. Anacortes 8:15 pm. Such awful racket

Ugly, creepy, rumbling/thunder from the south from navy F-18s, constant, some low vibrations to south side of my home in Anacortes. Very disturbing- as always and as often. navy is abusing WA citizens. Take it where few people live!

Fck em

F*** em So loud despite being in a closed up home across Saratoga passage, we could no longer watch our show on TV. House vibrated. Pretty startling. Wondering if we had an air incident over our heads, since we are in Paine field flight path.

F*** em

It's just stupid. The late hour the volume. The utter disregard for others and our environment. Shame on those responsible for not locating these growlers where less harm is done.

Flight directly over the house. Feels like a retaliation for our complaint by phone two hours ago. Horrible noise that woke us up - again.

457 hazelwood dr.

Growler racket- The stuff of headaches, disturbing my ability to hear VP debate on TV- Anacortes. I am actually trying to listen.

Noise finally seems to have ceased [Data entered at Midnight]

12:45pm. Oct 29. S. Lopez. Rumbling, vibrating jet noise.

Are we going to have 24/7 noise forever. It's terrible. No sleep there is a noise ordinance quite time 11 to 8am but the Navy is prob above the law.

9:18am. S Lopez OCT 29. There is almost constant roaring from jet activity on Whidbey. Roaring Roaring. Like having a permanent headache.

9:20am. Oct 29. South Lopez. Again. I have to report again, the jet roaring continues. Take-offs? Engine run-ups? I don't know, but the noise from 14 miles away comes right into my home. That's not acceptable.

9:23am, Oct 27. S. Lopez. HUGE Rumble and Vibration hits our home AGAIN. Engine run-ups, jets taking off from Whidbey. It is disturbing. Feels and sounds like an earthquake, and I have been in several. Is this what legislators think is OK?

9:29am, Oct 27. S Lopez. ANOTHER huge rolling, thundering roar and vibration pulsing from Whidbey. Navy refuses to mitigate. Legislators allow that. Legislators allow the Navy to intrude into our homes? Apparently they are all talk, no action.

S Lopez, 2 Oct 20, Fri: 9:37am - 72.8 dec., 9:58am - 65 dec, 11:02am 63.4 dec
LOUD !!!

Doe Bay Orcas Island

South Lopez 10:42am. Oct 29. Another booming bombing roar from NASWI.

9:44am. 10/29. Jet rumbling and vibrations continue to be heard and felt. S. Lopez. So tired of this. Like living next to SeaTac...Like having a coal train rolling through the front yard..... Like an earthquake.

The vibration shaking the bolts on our house

I work from home for OPALCO, the members on the phone asked what the noise was. I had to ask them to repeat what they were saying, it was that loud. All the Windows were closed. I may not have the time right. It was this morning before 11.

9:47am, 10/6. HUGE rumbling vibrating roar from Whidbey, and a prolonged roar that sounds like a jet rising. Disturbing. Felt the vibration. S. Lopez.

OCT 1 Sometime before 10 am this morning, while I was on a zoom call, interrupted by loud roaring jet somewhere above. Loud enough to disturb my ability to hear the conversation and participate in it. I am working from home. Difficult. S Lopez.

Horrible roaring. Unsettling, Disturbing. Unhealthy. HORRIBLE

Roaring roaring roaring. HORRIBLE NOISE, HORRIBLE SENSATION, HORRIBLE HORRIBLE HORRIBLE

HORRIBLE roaring. Feels just short of sonic boom. This is a DREADFUL sensation, not healthy for any living creature. SHAME ON THE POLICY

MAKERS WHO ALLOW THIS DREADFUL NOISE TO POLLUTE OUR ENVIRONMENT AND DESTROY OUR ACOUSTIC ENVIRONMENT .

S Lopez, 9:59am. LOUD rumbling roar from NASWI

Dogs started barking with the deep rumbling noise. Agitation begins.

Extremely loud

Hiking on Chadwick Hill, they made several passes, and I needed to protect my ears as they passed over. Flying unreasonably low, It appeared to have been growlers, hard to tell...

S Lopez, 6 Oct 20, Tue: No FCLP scheduled. The morning starts with ROARING - 10:01am, 10:02am, 10:04am, 10:15am, 10:27am. Decibels range from 65 - 75 inside the house. 75 - 85 outside. Another day wearing Bose head phones? So exhausting !

Loud jet

10:02am, 10/6. Rumbling Vibration from NASWI. Loud and deep.

Lowest jet flight over Lopez ever

10:03am, 10/6. On a conference call with noise cancelling headphones on and suddenly I am BLASTED with jet noise overhead. I cannot get away to see what it is, but it sounds like it might be more than one jet. BEING BOMBED!!!! S. Lopez.

Very loud

Went very low over our house, then it either came back in our direction or another one came over. If they can't fly well enough to avoid such low flights that do not avoid populated areas they should not be flying these multi-million dollar machines

10:04am 10/6 S Lopez Incredible noise, ongoing roar of jets over S. Lopez.

What is going on with all the very loud jet noise this morning? From inside the house with windows closed the sound from the jets is intensely loud.

Oct 6, 10:06am. S. Lopez. DEEP THROBBING ROAR of one or more jets over us.

When I indicate type of aircraft "I don't know" - I do know this is Navy Whidbey jet noise and it is not P3

2nd screaming over flight

10:08am. October 6. Incredible jet roaring overhead. Sounds like they are on a race track above us. Feeling like they think there is a war down here. South end, Lopez.

Very disruptive low flying growler flights over south end of Lopez Island. House shakes, tasks requiring concentration are impossible to do. Also extremely loud ongoing bursts of noise coming from Ault Field, NASW.

"I lost track of all the times the planes went over as I was working in my garden.

It was consistent and disturbing"

Too loud to eat a peaceful dinner! STOP FLYING HERE. Ken S

Very loud with vibration felt in my chair.j

Wow, so pleasant when the blast of extreme noise stops. It is a shocking relief, such a blessing to have quiet even though it is only lasting a couple of minutes before we are hit again with loud noise from jets. My ear is starting to ache...

10:16am. Oct 6. I have been on a zoom call, with noise cancelling headphones and the continuous roaring of the jets overhead is interfering with my ability to hear and concentrate. The Navy is INVADING MY HOME. Jets roaring overhead right now.

10:17am. 10/2. LOUD LOUD LOUD jet roar. I am on a zoom call and have totally lost concentration due to jet noise. South Lopez.

10:17am Oct 6. The ROARING CONTINUES. I will continue to report this continuous attack on us. It is pervasive and disruptive. The Navy is WAY OUT OF LINE on this.

LOUD Growler overhead disturbed my grandson.

10:19am October 6. S. Lopez. The Navy has obviously declared war on Lopez. This is egregious. Rumbling and vibrating wall of jet noise from NASWI.

The vultures are trying to migrate on thermals and being disrupted by the jets. It's making our barn shake continuous jets!

10:21am. Oct 6. S. Lopez. MORE rumbling vibration from Whidbey. This has been a prolonged attack on us this morning. DISRUPTIVE.

10:21am, Oct 27. LOUD LOUD LOUD jet roaring. SWOOPING and ROARING. S. Lopez.

"Terribly loud, very very low flyover

There's no fog today, no need to be so low "

Another very loud, very low flyover

10:24am. Oct 6. The noise continues. Now an EXPLOSIVE BLAST of jet noise above us. penetrates our home. As if a bomb dropped. WHAT IS GOING ON?

IS THE NAVY CONDUCTING A HATE CAMPAIGN AGAINST US? THEY ARE OUT OF CONTROL.

LOUD jet overhead. 10:24am. October 29. South Lopez. The noise blotted out the Zoom I am on.

Still, the background rumbling going on!

They continue and continue, low and loud over the south end of Lopez

Out walking and had to put my hands over my ears it was so loud in the Village.

S Lopez, 8Oct20, Thur: Another hideous noise day - and, no FCLP's sched. 10:25am - Overflight 72.3 dec., 10:53am - 11:15am constant ROARING from Ault plus overflights while on a walk .

10:25am, 10/27. S. Lopez. Morning of disruption & abuse by the Navy. Now, loud, roaring and screaming jet noise above us. Still going on Still going on Still going on. Noise monitoring does not take into account echoing over water. Still going on.

10:26AM. OCTOBER 6. LOUD JET ROARING. PROLONGED JET NOISE OVER SOUTH LOPEZ. IT IS NON-STOP. I have stayed in hotels right next to Sea-Tac airport and I hear NOTHING LIKE THIS. LEGISLATORS: Pay Attention!!! Navy is out of control.

Very low LOUD Growler flying below clouds heading North.

10:26am. Oct 29. ANOTHER Growler overhead. I can see it. Very loud scream and roar. South Lopez.

Flyover

10:27am Oct 28. S Lopez. A continuous jet roar, maybe two of them. Noise is coming from different directions. It is deep and rolling and continuous. Still going on. The noise continues.... The noise just marches right into our home.

Growlers traveling roughly East to west. Excruciatingly loud blasts. One after the other.

the only good thing about all the loud jet noise this morning, I'm hoping they are all leaving to go somewhere else! Oh what a joyous event that would be to those of us subjected to the jet noise. We don't object to some noise.

10:28am. OCT 6. South Lopez. Now: Consistent loud roaring jet...maybe more, but I can't see outside because I am working. Incessant. Penetrating. Invasive.

10:28am. Oct 28. The jet noise continues. Now there is a Growler overhead, heading north-ish. Screaming. And the other rolling deep noise is also going on. Very disruptive.

Flyover

Horrible, earth shaking noise from Growler practice over our house on Pavey hill on Lopez. Disrupts all concentration and ability to think. It feels as though the planes are flying very low and too close, rattling our home.

Thunderous disruptive noise from NASW, ongoing and extremely loud.

Roaring in background. The south end of Lopez has to be pummeled right now. The roaring puts me on edge.

10:30am, 10/6 S. Lopez. We are thirty minutes into the Navy engaged in war games over us. The noise is CRUSHING. It sounds like jets are on a racetrack

over us. THIS IS ABUSE. If this goes on much longer I will have to leave my home. Nerves shredded.

Flyovers plus other loud engine noise from ault

Two growlers about 5 minutes apart. Were unable to talk outside.

For several days now the Growlers have been flying directly over the center of Lopez South to North. Their appearance and rumbling roar is so very disconcerting and harmful to the human body.

Really loud this morning! I did not note the exact time but somewhere between 10:00 and 11:00. Never had them fly over town like that. I am a private pilot who lives near Eastsound's airport and used to small aircraft noise. This was bad!

10:31am. Oct 28. ANOTHER SCREAMING AND ROARING GROWLER LOW OVERHEAD. Heading north-ish. A continuous offensive roar of jet noise. South Lopez.

Extended period of engine noise

Fog bank is starting to come in, but that doesn't require the very low flyovers that are occurring.

10:35am. Oct 6. The war goes on. Jet roaring all around.

S Lopez, 23Oct20, Fri: 4 hours of hellish noise. 10:37am -m 2:25pm. Everything is vibrating. OVERFLIGHTS + ROARING FROM AULT is causing us to leave our homes to escape the deafening noise pressure. Decibels= 65.4 - 85.4 in the house. Help!

Lots more times of flyovers, but I wasn't at the computer to record these

Approximately 1/4 mile north of my house on Bay Shore Road Causeway - a Growler flew over me. Interrupted my science podcast research work. Also left vm on noise complaint messaging system at Naval Air Station Whidbey Island.

10:37am. Oct 6. The roaring goes on. Jet noise everywhere. Cannot get away from it. headphones do not help. Noise is deep and penetrating.

10:39am, Oct 6. This is too much. Jet noise pounding us. Roaring overhead and everywhere. I have to leave and see if the north of Lopez is any quieter. My nerves are shot.

So loud my child yelled "turn off that jet noise". Could not hear tv or conversations in our home and we had to cover our ears. UNACCEPTABLE. Flying too low bc of the fog today, guaranteed.

Please stop

Direct flyover

10:45am Oct 1st. Huge roar from jet activity. Doors and windows closed, but noise fills my home.

Constant engine noise for the last hour

this whole day was disturbed by growlers.

Earth shattering. Overhead. Like warfare on us

this is why i never where masks in public anything i can do to hurt navy scum is welcome. the plague didn't disrupt their daily torture activities one bit it only made me feel trapped even more. anacortes is just a bunkhouse for military scum. die.

"Loud, low, South to North.

Over our house.

Several times."

What the heck??? My house is shaking! Three flyovers, at least.

terribly disrupting!

Walking our dogs over the course of 1/2 hour, this jet passed over us 4 times over President channel and the West end of Orcas Island. If this was a national emergency, why was there only 1 VERY LOUD AND DISRUPTIVE JET????

This is insanely loud and disrespectful and disruptive/ how can we live like this?!

11:02am Oct 9. Mud Bay. Just had the misfortune to be outside. Sudden SCREAM, then SHRIEKING ROAR as TWO GROWLERS roared low overhead, south-ish toward north-ish. That is ABUSIVE behavior. There is no need to fly so low over populated areas.

11:03am. October 2. Huge rumbling roar Vibrating roar. Lasts a LONG time.

Engine run up from Ault

Today again.

11:05am. Oct 9. ANOTHER SCREAMING GROWLER JET OVER MUD BAY. I AM INSIDE NOW SINCE BEING DEAFENED OUTSIDE TWO MINUTES AGO BY TWO GROWLERS LOW OVERHEAD. The Navy is an ABUSER with obvious mission of "We don't care, we just do what we want."

'Flyover - very loud.

South end, Lopez. Jet noise! Jet noise! Jet noise. Disruptive roaring.

Long duration extremely loud flyover

11:14am. S Lopez. Oct 29. First the scream of the jet and then the roar. LOUD jet overhead. Long roar afterward. Still roaring.

Ominous rumbling - very disturbing.

11:15am, Oct 26. Outside. Just endured a horrific roar from jet over South Lopez. Low steady roar, penetrating, deafening. growlers are the WRONG jet here. The loudest jet. And in a populated area. It is a crime.

low overhead, loud enough it freaked my dog out

Time approximate. Scared my cat! Shook the house.

Couldn't carry on a conversation

The jet disturbed my research work. There were 2 flights over my house at 11:20 am and 11:30 am. Also called NASWI Noise Complaint Desk and left vm about the noise pollution.

Oct 22. South Lopez. VERY LOUD NAVY jet overhead. The noise seems to be everywhere.

#NAME?

Extremely loud and disturbing

Growler noise plus really loud (commercial?) jet overhead simultaneously

Non stop noise the last 45 minutes

I'm trying to teach a class, and I cannot hear anyone because there are noisy jets flying over my house.

COULDNT EVEN HEAR MY VACUUM! NOT OK! AT LEAST STICK TO YOUR DESIGNATED FLIGHT PATTERNS! THIS SOUND IS THE SOUND OF EVIL!

So. Much. Noise

Dishes rattling inside the house

Loud

Doe Bay Orcas Island

Extremely loud flyovers of Growlers over our house on the south end of Lopez Island. Deafening and disruptive. All morning long. Ongoing abuse from the Navy

Four passes first was extremely loud

Very loud jets flew over around 11:30am or so. I saw one directly overhead flying east/southeast. I had heard another one earlier, but did not see it. Could have been the same jet, but not sure.

Also several other flights around this time

Jets screaming overhead multiple times.

I could hear my kid telling her teacher online that yes, it sounds like the sky is falling, it's the Growlers.

"Sometime around 11:30, two separate incidents. Flew in so low and so loud that you spooked my horses. If they run through a fence and need major vet bills or euthanasia, what recourse do I have?

Keep your jets on course, which means not over Orcas."

Had to pause work meeting because I could not hear.

Stuff rattling and n the house from the vibrations

I was working outside and had to cover my ears and wait to finish a conversation.

"We love every bit of jet noise. Keep it coming loud long and clear

Second grower.

Multiple fly overs Davis Bay Area. Extremely loud and long duration.

Return fly by again. Usually I'm at work so this was a surprise how loud the planes actually are. Animals all froze and it's hard to do much until it passes.

They've flown over several times this morning. I couldn't even hear the person on my phone call.

Another very loud flyover- 11:38 AM. More thunderous blasts from Whidbey NAS.

TERRIBLE! INVASION! LEAVE US ALONE!

LOUD JET OVERHEAD, 11:51am. October 6. South Lopez.

Yet another deafening, low flying Growler overflight above our house on the south end of Lopez Island. The Navy is toxic to our health and well being.

11:57am. Oct 1. VERY LOUD DEEP penetrating roaring over South Lopez

Unbelievably Loud over house

Multiple fly overs beginning at noon and continuing until at least 2pm. Some loud enough to halt activities outside.

Love you guys but several pilots are showing off and flying extra low and faster than normal. Probably have friends staying here or something. Nevertheless can you please fly over Victoria and mess with the lame ass Canadians?:(

I finally decided I'd had enough at noon after continuing loud, low flights right over my house. But they continued and continued and even got worse. Seems now their EIS comment period is over, they remind us that they exist and could care less

Also a couple of more flights around this time

Direct flyover

Direct flyovers. No excuse

S Lopez, 7Oct20, Wed: 12:06pm, Overflight - 88.6 decibels in the house! Everything shaking! 12:34pm 72.8 dec., Overflight (again). 4:13pm, another overflight - 75.3 dec on house. 7pm - HUGE ROARS in the house 75 - 85 dec. 9:22pm - ROARING 85d.

Jet noise hasn't stopped all morning. It wears a person down

12:10pm. Oct 1. Bothered a few minutes ago while outside talking with a person seeking directions. LOUD LOUD Jet over us. Could not hear each other. South Lopez.

12:10pm. SCREAMING Navy jet over our home. In the yard, talking with a contractor and the noise hurt my ears! South Lopez.

Endless noise- another low flying Growler over our house. The torture from the Navy continues to harm our health and life activities.

Yet another house shaking Growler fly over- our home on the south end of Lopez Island. Looks like many hours of disruptive noise are in store for us for the rest of the day.

Flyovers plus other disruptive engine noise -

12:19pm, Oct 2. I think one of the main problems is that the Growlers are flying over water. Sound carries. So while folks think "Oh, that flight path is way over there". I am here to say that we get noise slammed into our home regardless. Like NOW.

Give us a break!

Engine noise (runups) all morning. The vibrations are painful

Around 12:30 pm. Walking to the Lopez South End Store. Huge burst of jet roar, on and on. Very loud.

12:39pm. Oct 16. Loud jet roaring over Mud Bay, Lopez. very loud.

Several other times around this with flyovers and noise

LOUD Growler overhead scarring my grandson and disrupting play!

12:48pm. Oct 15. South Lopez. A HUGE rumbling and roaring vibration from jet engine run-up/take-off at Whidbey. The vibration just goes right through the body, as if rolling thunder is on top of the house.

12:55pm. Tremendous BOOM from a jet roaring over South Lopez. It was deafening, and it just kept roaring and roaring, as if the sky was breaking apart.

12:50. Oct 15. Now what's going on? Just reported a rumbling vibration, and now we have persistent deep and loud rumbling in the sky. All doors

and windows closed, yet it sounds like we have a jet roaring and aiming straight for us. South Lopez.

All day.

Ongoing loud rumbling

So much noise all morning, still continuing

S Lopez, 28Oct20, Wed: 12:58pm - 1:55pm Everything rattling - sounds like engine testing - What ever happened to Larsen & Murray's promise of a HUSH HOUSE to mute the engine testing? !!!! Just another lie.

1:04pm, Oct 1. S. Lopez. Big roar of a jet, probably south of us, but the roar penetrates our home. That jet is TOO LOUD.

Also other flights around this time

More FCLPs at OLF

1:17pm Oct 29. S. Lopez. Rolling loud jet noise and roar.

1:22pm. Oct 15. SCREAMING AND SHRIEKING JET over our home. Don't know what it was because I did not rush out to look, but characteristic Navy jet noise. LONG and LOUD. South Lopez.

1:22pm, Oct 30. LOUD ROARING jet noise over South Lopez. The roaring is prolonged. Still going on.

1:53pm. Oct 29. S. Lopez. A lot of loud rolling jet noise.

i am going to kill myself to make the torture stop. nobody cares what is happening to me. this has been eleven years of unrelenting agony

very very loud

Double flyover a few hundred yards right over me. Ear splitting

LOW LOUD GROWLER

"Returning from Blossom Grocery and very loud Growler flew right over..

Direct fly over.

1:43pm. Mud Bay Oct 14. Ridiculously loud and crushing jet roar. Woke my husband up from sleep he needs. This is ABUSE by the Navy. These jets are TOO LOUD and DISRUPTIVE. Get out of here!

Two growlers traveling roughly south to north. Very loud.

1:45pm. ANOTHER loud Navy jet over South Lopez. TOO LOUD!!!!

Growler flights have been passing over my home for the past several hours (10-23-20, starting before noon) and ranging from loud to extremely loud (painful).

today it is being raped every few minutes by another military monster only the most vile people in the world would do this for a living i hope your children die screaming and sobbing like me

1:49pm. Oct 15. S.Lopez. ANOTHER LOUD JET NOISE OVER SOUTH LOPEZ. Now, the question is: Is it safe for me to take a walk outside? It is always a toss-up. I have often been subjected to DEAFENING jet roars (like this one) while walking for exercise.

Very loud, very low flyover with landing gear down, sound continued 3 minutes as Growler circled in the area.

2 Growlers were so loud that I had to cover my ears for fear of hearing loss. They were going over Mud Bay Rd, at the south end of Lopez Island, going

from south to north. A few minutes later, two went east to west, over Icicle Point.

Direct flyover plus loops

Several earlier Navy Whidbey growler flights between noon and now.
Another flight noise at 1:59pm

Explosive decibels.

Woke me up

1:53pm. Oct 29. S Lopez. Loud jet noise overhead, maybe 2. I am on a ZOOM conference and can't look out the window, but it is LOUD!

"Screamingly loud

Sound continues for a few minutes as jet approaches, flies over, turns, flies away. Still here rumble 5 minutes after first jet noise"

1:59pm. Oct 8. S. Lopez. Lots of jet noise in the skies. Sounds like jets are just looping around. The loud Navy jets do not belong over populated areas. It's time for the Navy to get these jets out of here. Time for legislators to get some sense.

I called this in as well. Approx 2 PM, very very low and exceptionally louder than I have ever heard and I have lived on the island for 36 years. It went on and on and on. My ear is still aching the next day. I am not kidding.

2:02pm. Oct 8. ROARING AND SCREAMING JET OVER SOUTH LOPEZ. RIGHT NOW!!! THIS IS EXCESSIVE EXCRUCIATING NOISE AND CONSTITUTES ABUSE OF THE PUBLIC.

4th low load Growler overhead

Uncounted flyovers in the past hour

Ridiculous loud flyover

"The jets have been circling my house all morning. Now they are circling more often. Non stop noise all day is very exhausting.

The recent plane was so loud it disrupted a meeting I was having. All the people listening on Zoom could hear it."

Have missed reporting several others jet noises.

2:09PM. OCT 8. Another screaming and roaring jet over South Lopez.

2:10pm. Oct 8. And AGAIN. ANOTHER LOUD AND SCREAMING AND ROARING JET OVER US. WHAT ARE WE, THE NEW NAVY LANDING STRIP?

Disrupted my research study. Also called Whidbey Island Navy Base and left complaint.

10/28. S. Lopez. A lot of jet noise in the air. I am trying to concentrate, but the waves of noise are annoying.

Frightened our dog. I had to interrupt a work phone call and wait until the sound had passed before I could continue. This is a real problem when working from home in a job that involves lots of phone calls with clients.

There has been a jet or jets flying over and over just recently, within the past 20 minutes...Here it comes again. Circling our area?

Very fast, ridiculously LOUD GROWLER just flew by. # 5 TODAY!!!

Painfully loud when outdoors

Multiple times today , very disturbing

2:12pm. Oct 16. What is this LOUD jet noise in the Lopez Village? What are those Navy jets doing here? Their noise is too loud.

2:13pm. Oct 28. S Lopez. Jet overhead. The roaring interfered with a Zoom presentation I was making. Too loud, with a prolonged roar. Very distracting. I am just trying to work, for goodness sake, yet the Navy roars all over me.

Very disruptive to conversation

Loud jets roaring over Woodman Hall, middle part of Lopez. Shrieking and roaring. 2:15pm on Oct 16.

2:25pm. Oct 6, S. Lopez. Loud and rumbling jet noise in the sky. Out walking and the noise is oppressive.

very loud even inside my house

frightening, disorienting, violating!

South Lopez 2:30pm Oct 14. Loud jet noise.

South end, Lopez. 2:32pm on Oct 6. Persistent loud jet noise in the skies. Noise from Whidbey.

Woke me up

2:47pm. Oct 28. S Lopez. Rumbling and vibrating roars from Whidbey. Always gives me the PTSD of earthquake experience.

2:50pm. Oct 28. S Lopez. ANOTHER rumbling and vibrating roar from Whidbey.

Other times also

such a violation, constantly

"Maybe the wind is a added factor or the incompetence of todays pilots but it is much worse than usual..Simply unbearable, my ears are ringing inside the house.

"Wish I had the time to document all the jet noise. There have been many other jet noise incidents this afternoon. Want to enjoy the sunshine on the water, hear the waves - no natural noise allowed thanks to Whidbey

Flyover so low, so loud

3:10pm. Oct 14. S Lopez. Thunderous jet noise over Mud Bay. TOO LOUD!!!!

3:20pm. The skies are rumbling from jet noise. South Lopez.

Interrupted business call. Could not hear voice of client on phone.

3:26pm. 10/27 S Lopez. I was vacuuming & suddenly heard & felt a much deeper & louder noise than the vacuum. Panic. What was wrong? Turned the vacuum cleaner off & to my relief it was not blowing apart. It was a damned Navy jet. ROARING LOUD.

3:30pm, Oct 27. South Lopez. Outside and the jet noise comes booming into the airspace. Very loud, and stops conversation.

Engine noise steady the last half hour

Super low flyover Jet engine noise concurrent with more distant ongoing engine noise

4pm Oct 15 Loud roaring jet noise. South Lopez

Ear splitting flyover

"Wow, we had a break in the noise. But back again with more intensity. Windows rattling. We hear the noise coming, we hear the noise above us, we hear the noise during the turns, we hear the noise in the distance.

4:16pm. Oct 8. LOUD jet over South Lopez. Ripping the air.

Navy jet noise continues. There were many times this afternoon I was not able to get to the computer to list the times. Just say it has been an assault on us day.

Terribly loud. Dog followed me out of the house and immediately retreated back inside due to the noise. Still going on at 4:20pm another flyover.

One of many excruciating ear shattering flyovers of the day since predawn hours.

"Another intensely loud assault

Continual flyovers, continual extremely loud noise

We are not the enemy, we are the taxpayers, please help us to be able to live with a bit of quiet"

Flyover

In Coupeville. They are flying, though not scheduled. Outrageous terrorism. Waste of taxpayer money!

"Understand I really have better things to do that report all the jet noise. You probably think I am misleading as I have submitted so many reports. But that is what it is like for us. I'm not even capturing 1/2 of what we have experienced today.

Rattling the windows, fortunately a short blast, just 30 second of I can't hear anything else going on around me.

Wow, I'm reviewing a transcript regarding the Courts martial of black soldiers in 1917 in Texas for mutiny. How ironic! These black soldiers faced Jim Crow and threats. I'm facing assault from the Growlers.

4:45pm. Very loud and prolonged jet roaring over South Lopez. It just goes on and on and on. An intrusive noise.

Disturbed my work - broke concentration on research project. One of two flyovers my house. Also note one other flight this day @ 7:56 PM - interrupted dinner.

4:50pm 10/21 South Lopez. Very loud jet noise in the skies. As if they are taking off from Whidbey and then flying at low altitude because the noise is so deep and and pervasive.

South Lopez. 5:09pm. 10/21. Very loud jet noise echoing all around us. It could be many jets, that is how loud it sounds. Working outside and I have to cover my ears.

Around 5:10pm or so. While walking outside, my ears and body were pummeled by a BLAST of jet noise, Booming. Very very unpleasant.

Terrible engine run up noise from ault

S. Lopez. October 21, 5:13pm The jet noise is throbbing, echoing all around, ongoing. Disruptive.

Inside a well insulated home, speaking with my partner about the day's work, only to be totally disrupted by the Growlers flying over. Rhea

Ridiculously LOAD GROWLER OVERHEAD!!!

Interrupted my phone conversation, inside the house. Could not hear *anything* other than the loud jet flying west to east right above me.

S Lopez, 21Oct20, Wed: 5:20pm - overflight 74.9 decibel in the house - 84.9 outside.

5:22pm, Oct 21. It is IMPOSSIBLE to be outside. It sounds like the sky is tearing apart. The sky is FILLED with jet roaring, screaming and roaring. This is abusive behavior by the Navy. I came inside and still heard it filling our home. S Lopez.

Just finished dinner, inside my well insulated home, and the Growler overflight was so loud that I knew it was way too low. I can't believe this is allowed to happen.

Disrupted my research study. Also called Whidbey Island Navy Base and left complaint.

S Lopez, 8 Oct 20, Thur: 5pm -9pm - Low ROARS, giant ROARS, CONSTANT punctuated by screaming Growlers overhead. No FCLP's sched - just NOISE AND MORE NOISE !!!!!!!!!!!!!!!!!!!!!

Flying directly over San Juan's. One of the loudest ever

6:06pm. Loud jet roaring noise. South Lopez.

Continual rumbling for the last 1/2 hr

Had to yell to be heard over it.

6:28pm Oct 8. Dinner Time and we are blasted with a jet roaring above. South Lopez.

6:29pm. Oct 21 S. Lopez. LOUD jet roaring over us. The noise comes right into the house. Louder than the TV. Long roar.

6:32pm. Oct 21. ANOTHER Roaring and BOOMING loud jet over South Lopez. First it is a SCREAM, then a ROAR, and then a sudden BOOM. Is it turning around? VERY LOUD AND DISTURBING.

Run up blasts. Shaking the house

The jet was so loud that I was unable to talk on the phone and had to put on hearing protection. It was stressful and caused anxiety.

Interrupted dinner conversation inside. Very loud.

Extremely loud

6:58pm. Oct 15. LOUD jet over our home. Disturbing conversation. South Lopez.

Disrupted my research. Also called Navy Whidbey Base to complain.

7:08pm. Oct 15. S Lopez. Roaring, echoing, deeply thundering jet noise over Mud Bay. The noise is prolonged and overwhelms TV and dinner conversation. Still roaring... Still roaring..... Maybe there is more than one up there or it is circling.

Time is approximate, but pretty close. Cousin came to the island camping for one night with her extremely disabled daughter. A growler or something came over to the west of us, very low and ear-splittingly loud. Then came around again.

Varying noise all afternoon with very loud outbursts

Were in Port Townsend, near the hospital. The Growlers have been audible for the past 15 min, and still going. Trying to eat dinner while our house vibrates.

low rumble because they are relatively far away ... yet I can feel my brain vibrate from the EMF's ... now I cannot hear them, but I still feel the effect ... wtf are are Growlers doing?

Flyovers and run ups have been destroying the peace all evening. Spilling jet fuel over our heads , emitting exhaust into the atmosphere

wow navy whidbey noise continues...

late evening loud low overflight

Glad to be home and settle in when bombarded by 2 overflights of a Growler in sequence. My 90 year old Lopez friend reported that she grabbed both sides of her bed and kept saying to herself, "It will be over soon. Surely it will stop soon."

Very loud noise outside. No conversation possible during flyover.

Around 8pm last night, the entire house shook and they were flying with their gear down. We obviously hear these Growlers all the time, but last night was horrifically loud!

Engine noise continues throughout the night

Disturbed my work. Also called the Naval Air Station Whidbey Island Noise Complaints and left complaint of this noise pollution.

Non stop noise tonight, still continuing

Directly over houses--extremely loud and disturbing

Was wanting to go to bed early tonight, but Growlers have a different idea about peace and quiet.

Loud blasts just as we are ready to go to bed. The Growlers at NAS Whidbey do not respect citizens' rights for freedom from intrusive noise. This is harmful to our health and well being. The Navy needs to be held responsible for its actions.

Sounds like a war overhead with direct flyovers at 10 at night

S Lopez, 14Oct20, Wed: 10:15pm - 10:30pm and beyond. Finally put on noise canceling headphones. Trying to rest. Someone in our home is ill. So hard to deal with all the jarring ROARING AND BLASTING. GROWLERS are stealing our peace of mind.

"Oh could we please have quiet to be able to sleep

Noise all day and now well into the night

We aren't the enemy

Extremely low flyover

Hours of engine run up

more and more

Plus many other loud flyovers

REALLY LOUD!!! OUT OF FLIGHT PATTERN!

Several flyovers near this time. While actively using a 25 ton wood splitter and wearing 30db ear protection the growlers were ear splitting. How can they keep lying to us about the damage these jets are doing to the health of civilians.

7:56pm. South Lopez. 10/21. ANOTHER LOUD JET ROARING. The noise comes right into our home. The Navy, apparently, has the right to invade out homes?? LEGISLATORS: The Navy is NOT right for this populated area.

Jet noise continues. When will this stop? Help please. 4:20pm, 10/1 Just came in from short walk. Short because it was so unpleasant. Might as well have been walking next to a Sea Tac Runway. The percussive deep roaring...take-offs and gain in altitude I guess. Continuous. Noisy and threatening. S Lopez

Another intensely loud flyover. We hear the approach, we are subjected to the overhead assault, we hear the turn, we hear the continuation. Help please

6:54pm, SUNDAY 10/25. What the heck was that? HUGE screaming roar from jet above. Long roar, with the long follow-up roar characteristic of a Growler. Sounded like it was going to land on our roof. South Lopez.

So far 3 very low passes after 11pm in central Anacortes and it sounds like they are going for more. Unacceptable abuse.

I was abruptly woken from a deep sleep by a Growler flying over MacKaye Harbor and our home.
